BULGARSHOLD RAILWAY; DOUGLAS RESIDENTS AUSTRIANS ON DANUBE ARE READY TO FLEE

RUSSIANS, BRITISH AND FRENCH TO THE SERBS' ASSISTANCE

Saloniki, Oct. 25 (Via Paris 26).—With Uskup in their possession, the Bulgarians now hold with strong forces the Nish-Saloniki railroad between Vragin and Uskup, a distance of about 30 miles. They have thus cut direct communication between Nish and Saloniki, leaving open only the uncertain means of transit over the Monastir-Prishta line. The situation in Serbia is grave, of course, but it is, in all-wise desperate, said a French officer this evening. "The Austrians and Germans have advanced less than twelve miles on the Danube front, notwithstanding their numerical superiority."

The line held by Bulgarians may prove to be perilous to them. You may say the French are fully alive to the situation and are not at all discouraged."

British To Advance On Strumitsa

Saloniki, Oct. 25.—(Via Paris Oct. 26).—A brigade of British troops will leave Saloniki tomorrow (Tuesday) for Dorian, forty miles north-west of Saloniki. The object of this move, so it is stated, is to prepare in advance on Strumitsa in conjunction with the French movement by way of the Sava Valley, where the Allied offensive against Belgrade is undertaken.

Sofia, (Via London) Oct. 26.—The

Bulgarian war office issues the following statement relative to military operations on October 24:

"Our troops have captured Nagotin and Prahovo, on the Danube. The booty, so far now known, is one commissariat storehouse, twenty railway carriages and war material. We have captured also one officer, 370 men and found on the battlefield the bodies of 300 Serbs."

The last official statement from Sofia before this said that the Bulgarians had captured the greater part of Uskup, in Macedonia, but that the fighting there was still in progress on Oct. 23.

Paris, Oct. 26.—Russia has completed preparations for the dispatch of strong forces of troops "to help the Serbs at points where they are most needed, according to the Petit Parisien."

To Cope With Food Problem In Russia

London, Oct. 26.—An extraordinary meeting of the Russian council of ministers has empowered Alexei Khortaf, minister of the interior, to take urgent measures to cope with the food problem. During his tour South Minister Khvorostoff ascertained that as many as six thousand cars of foodstuffs were being detained in the freight sheds at Moscow.

GIRL DOGGED MAN'S TRAVELS, IS CHARGE

Ada M. Cox, the Chicago girl who last year secured \$17,000 from William Rufus Edwards, wealthy St. Paul lumberman, in a breach of promise suit, is now in pursuit of Lawrence E. Bacon, wealthy Chicagoan, charging that he violated the Mann white slave act with her as the victim. Bacon says she pursued him from town to town, registering at his hotels as Mrs. Lawrence E. Bacon. He says he has tried constantly for three years to get rid of her.

SUN PEEPS THROUGH CLOUDS IN MEXICO

Washington, Oct. 26.—Early recognition by many of the European powers of the Carranza government in Mexico is now assured as the result of optimistic reports concerning the situation in the southern republic. Official reports show marked improvement in both train and telegraphic service; that a more peaceful feeling was prevalent; that friendliness for foreigners was more evident and that rains and favorable weather in some sections have made prospects for certain crops brighter.

BREAK JAIL

Knoxville, Tenn., Oct. 26.—Eighteen negro prisoners, sixteen wanted for misdemeanors, escaped today from Knox county jail by sawing their way into the second floor corridor, punching a hole in the wall and letting themselves down to liberty by means of a blanket rope. The gang was led by Frederick Segunnes, under sentence of death for the murder of Chief of Police Campbell, of Johnson City. Two have been recaptured.

Thousands of people go through TIMES WANT ADS every night.

4 MEN UNDER ARREST IN SHIP CONSPIRACY

New York, Oct. 26.—With four men already under arrest in the alleged conspiracy of German agents to blow up war munition ships sailing from American ports, federal secret service agents today searched for a fifth man, Max Breitling, who was described as secretary and treasurer of the Oil Well Supply company, of this city.

It was charged in the complaint filed with a United States commissioner by William J. Flynn, chief of the secret service, that Breitling had taken part with the others in a conspiracy to despoil the owners of a vessel of money, goods or merchandise on board.

It was specifically set forth that Breitling paid for a quantity of chlorate of potash found by the detectives who raided the rooms of other alleged conspirators in Weehawken and Hoboken, N. J. Of the four others under arrest, Lieutenant Robert Fay of the German army, Walter L. Scholz, and Paul Dache, were held in the Weehawken police station to be arraigned today on charges of having explosives. It was expected that they would be released and re-arrested on a federal warrant, charging conspiracy. Dr. Herbert Kjenzie, manager of a clock company, who is charged with having aided the al-

leged conspirators in obtaining explosives used by Fay, was in the Tombs prison awaiting examination on November 4.

It was said that Fay, who in his confession, claimed to be the head of the conspiracy, had spent \$30,000 in six months on his experiments with explosives, intended to wreck steamships carrying munitions to the allies. It was said that other arrests may be made of men now operating in Philadelphia, Baltimore and other eastern cities.

FEAR VILLA'S TROOPS WILL ATTACK; ASK AID OF GOVERNMENT

Douglas, Ariz., Oct. 26.—Declaring that an attack on Agua Prieta, Sonora, just across the international boundary by the troops of General Villa would endanger the lives of Americans, C. O. Ellis, mayor of Douglas, has sent a telegram to the state department at Washington, asking that assurances be given that the attack will not be permitted. Residents of Douglas and vicinity are becoming alarmed and many are preparing to leave at the first signs of an attack.

Arrivals from Cuauhtémoc, Sonora, said today that the copper companies there had closed their plants. Approximately 5,000 workmen were employed at these plants and all have been thrown out of work with the exception of a few retained as watchmen. A shortage of food, fuel and other necessities is feared. (Continued On Page Four)

EATS BREAKFAST, THEN DELIVERS SPEECH, BRYAN IN CHILLICOTHE TODAY

Lancaster, O., Oct. 26.—Former Secretary of State William J. Bryan began the second day of his campaign for state wide prohibition in Ohio this morning with a speech delivered shortly after he had finished his breakfast. As in his speeches of yesterday, Mr. Bryan refrained from discussing politics not involving the liquor question. Though the proposed prohibition amendment, which will be submitted to Ohio voters in the election Nov. 2 was the speaker's topic, he attacked the so-called constitutional stability proposal which would pre-

vent for six years a vote on a proposed amendment which had been twice defeated since 1912. The adoption of this amendment, he declared, would practically nullify the initiative and referendum section of Ohio's constitution. Other towns to be visited by Mr. Bryan and his party today are Logan, Nelsonville, Athens, Chillicothe, Circleville and Columbus. Tomorrow the former secretary of state is scheduled to speak in London, Springfield, Urbana, Bellefontaine, Kenton, Findlay, Bowling Green and Toledo.

GREEK CABINET CRISIS AVOIDED

Athens, Oct. 26.—(Via London).—Another cabinet crisis has been narrowly avoided. During a debate in the chamber of deputies, a difference of opinion developed between Stephen Dragoumis, minister of

finance, and Eleutherios Venizelos, former premier and leader of the majority party. M. Dragoumis made conciliatory explanations which brought about a settlement of the dispute.

FIRE TOLL IS THIRTEEN

Pittsburgh, Pa., Oct. 26.—Investigations started last night by city and county officials into the box factory fire yesterday that took the lives of twelve girl employees and one man and caused serious injuries to eight other persons, were resumed today. Major J. G. Armstrong an-

nounced that a sweeping probe would be made. "If there has been any criminal negligence the guilty shall, and must be punished," the mayor said. Two reports showing that the factory was exceedingly dangerous, were turned into the department of public safety within the last few months, it was learned.

THE WEATHER

Ohio—Fair and colder tonight. Wednesday fair.

The Right to Recreation On Sunday

The laboring man claims a right to Sunday afternoon, if his conscience permits, especially if he has gone to church in the morning.

The business man, the clerk, the wife at home shares his belief regardless of church affiliations, and then in community affairs of this nature, there must be considered the large percentage of our population who do not affiliate with any religious denomination.

IF ALL THE MEMBERS OF THE CHURCHES WERE LINED SOLIDLY AGAINST US IN THIS MOVE, WE FRANKLY TELL YOU WE WOULD NOT MOVE, but many are with us heart and soul, as they see the good we can do for the community on Sunday and the happiness we can bring.

They see us reaching out and bringing in off the streets our young people who wander aimlessly about every Sunday afternoon and evening, a floating population, who try as they may, the church can't or don't get within their doors.

All fair-minded church people know that we would strangle many of the Sunday vices of Portsmouth, the street walking and many other forms of vice stimulated by Sunday idleness with nothing to occupy one's mind or NO PLACE TO GO.

A person with nothing to do needs attention and good attention too.

Generally speaking, the young people after they are a little along in years, get away on Sundays, either afternoon or night, but if they are in the "Picture Shows" it is certainly better than to acquire the Portsmouth "street walking habit" which we regret to say has quite a reputation.

BETTER PROVIDE SOME GOOD, CLEAN, WHOLESOME ENTERTAINMENT FOR THE YOUNG PEOPLE OF PORTSMOUTH THAN HAVE THEM DRIFT INTO HABITS INFINITELY WORSE THAN GOING TO A CLEAN, ELEVATING PICTURE SHOW.

BIG WAR ORDER

Pittsburgh, Pa., Oct. 26.—It became known here today that the Pressed Steel company having completed an order for 7,500 steel freight cars for the Russian government, yesterday closed a contract for an additional 8,500.

5,000,000 MEN ARE LOST

London, Oct. 26.—The Nieuwe Rotterdamse Courant gives German losses from October 11 to 24 at 57,424 in dead, wounded

and missing. The total Prussian losses are given as 2,021,073. The Courant figures the total losses to the Central powers at five million.

ON THE BOTTOM OF THE SEAS

London, Oct. 26.—(By wireless to Sayville).—German news papers, commenting on the loss of the cruiser Prinz Adalbert, state that up to the present time there have been sunk by German torpedoes

does 16 British men of war, one French three Russian and one Japanese. Only three German men of war—the Prinz Adalbert, Hela and the torpedo boat P-116, have been sunk by torpedoes.

NOT COMING, ARE HERE.

An official, connected with one of Portsmouth's largest enterprises, took a little run out into the regions beyond, and visiting a number of industries of various kinds, what he heard and saw surprised and set him all aglow. Enthusiastically he is sure, not that a wonderful prosperity is developing, but that it is actually here and doing business. Iron foundries that have been idle for as long as twenty years, are being repaired and put in operation, lumber mills have on hand piles of orders that look as big as bales of straw and others are coming in like heavily falling snow flakes, the insistent demand for material being regardless of price to be charged. The output of coal mines is increasing with feverish haste and the Chesapeake and Ohio railway never before had such freight offerings, or had such an acute shortage of cars, officials running madly over the country looking up stray ones belonging to the railway.

This condition is not singular in this immediate territory, it is general and extends in the same unprecedented revival all over the country. No, it is not based solely, nor even in the major part on "war orders." The orders are in the main for home consumption and embrace every line of production.

GENERAL SMITH'S SPEECH.

General Jacob H. Smith was over at Boston early in the month to make a speech before the reunion of Philippine veterans. That his address made a strong impression is shown by an editorial comment that appeared in the Boston Journal, one of the biggest and best papers in New England. In its issue of October 13th, the Journal said:

"Brig. General 'Hell Roaring Jake' Smith, U. S. A., retired, has been a soldier by profession, and he is a soldier still ready to throw his 75 years into a firing line if his country should call him. But he isn't a hell roarer by vocation or disposition.

"In Boston with the Philippine campaign veterans this week, Gen. Smith has emitted never a roar. He has spoken feelingly, forcefully, and gently, of a need for military preparedness of the nation. That is not an object to be attained by roaring.

"We don't want a roaring army or a roaring reserve force. We want an efficient, quiet, well-trained body of disciplined men, all-the-way citizens who are intelligent enough to know that their country relies upon them and loyal enough to hold themselves reliable.

"Men like 'Hell Roaring Jake' Smith should be seen, often, in public. They would help to dispel the pip-pacifist idea that military training means bloodshot eyes and a gun-cotton heart, and that a hell roarer on the battlefield is an undesirable citizen."

TWO IN A HAMMOCK SOUNDS BETTER.

Our compliments to "Shonk," the brilliant cartoonist, of the Portsmouth Times, who comes to our aid as a lover and advocate of Jack Frost and the glorious Autumn. He pictures us, along with his own discriminating and artistic self, applauding the marvelous color work of Jack Frost on the hills and in the dales, with Editor Taylor of The Times hugging a hot gas stove and ejaculating: "I'll be darn glad when good old summer comes again." This note is in the foreground of his picture: "Dear Shonk:—These 'October' cartoons are but an evangelistic effort on our part to convert Editor Taylor to the beauties of frosty Autumn. But to date he's still 'untouched.' Shonk."

Aw, come on over, Taylor. Be a sport. Autumn's all right. Quit shivering and kicking. Just think of the pleasures of sleigh-riding with a pretty girl, or of having your face washed in the snow by her. There's nothing like it; honest there ain't, Harry!—Gallipolis Tribune.

In a case brought at Marietta, the circuit court of appeals for this district held that city elections could not be held to be of such a partisan character that the politics of a person or of a newspaper could be held to be affected by their attitude in such elections. The case came into court through the filing of a petition by the Marietta Register-Leader to enjoin the county auditor from publishing the county financial statement in the Marietta Journal, as a Republican paper, it being alleged that the Journal was supporting an independent candidate for mayor of Marietta, and opposing the Republican candidate. The court held that the greatest independence in voting was desirable in city affairs and that party standing, under the law, was not determined by votes at city elections.

George L. Gableman is a city official who is on the job early and late. He runs his office right and he runs it with economy. He is most courteous and obliging to those who have business with his office and he will go out of his way to do any man or woman a favor. He is a candidate this fall for his second term, and he should receive the vote of every man who believes in honesty and efficiency in the conduct of office.

Whether or not William Jennings Bryan will be able to lead many of his admirers, not already of the same belief, into the prohibition camp in the battle this fall in Ohio, is a question that the result alone can answer. Of one thing however, there is no doubt, and that is the sincerity of Mr. Bryan himself, in opposing the liquor traffic. He has been earnest, conscientious and consistent to his stand.

The touch of the good old summer time, added to these October days, is what makes them so delightfully enjoyable.

CERTAINLY BOB IS IN FAVOR OF THE SPRAGUE GERRYMANDER.

JUST AN INSTANCE.

A perverse tax payer, throws the limelight on, a somewhat small incident which shows the prodigious and an entirely inexcusable waste of public moneys. The Cincinnati board of education has issued an annual report of its proceedings and operations for the past school year. As the tax payer points out, the report is neither such nor a pamphlet, as it is called, but a mere summary in part and a book on the whole. It consists of 388 pages. Just sixteen of these are given to recording the totals of the expenditures and one to an estimate of the sums that will be required for the current year. Then follows seven illustrations of the show educational buildings, while the remainder of the 364 pages is devoted to long dissertation on institutes and divers other fads and wrinkles, supposedly connected with the public school system, or incidental thereto.

As thousands of copies of "the report" were printed, presumably, because they were for general distribution, the cost was several hundred dollars. It is all a total loss because its contents are foreign to any purpose that would either enlighten, or better the public school system. The tax payers have a right to and should be given intelligible information as to what purposes taxes go and results obtained, but there is nothing intelligible in the massing of huge figures and exposition of the fads of boards. If sixteen more pages of the book had been given to an itemized statement of the expenditures, showing who got the money and how much of it, it would have served some useful purpose and beyond peradventure raised a yelp from more than one tax payer, even in Cincinnati.

With the Chillicothe pike closed to travel for 17 days, one has reason to be thankful that the Scioto shows evidence of being meek and humble, so that the temporary bridge is not in danger of being washed away again. As for the big bridge it will likely be two or three times 17 days before it is ready for travel.

Still, it would be a rather mean trick on Congressman Kearns to bring him up here to speak in that hall Senator Tremper and ourselves are going to hire, and then have the Republican organization here insist upon him saying that he did not like Scioto county, wanted none of us and hoped the Lord would see that he was voted into a new district.

Some things are hard to believe, though we perforce must. Here comes an unusually reliable contemporary telling of a party of three, which jumped from an automobile so quickly at the sound of an explosion, that the pieces of the machine, which was blown into smithereens, could not catch them and all escaped unhurt. So totally was the car blown to pieces that only a few parts were salvaged.

Help, even quinine is going up. It is now quoted on the New York market at \$2.40 per ounce, about three times what it was eighteen months ago. The demand for the drug for the use of soldiers engaged in the European war is responsible for the increase in price.

How much better it would have been if New Boston had thought of injunctioning the reservoir before it was built, instead of after it burst.

One strange development of the advent of the automobile is the John in the buggy, who when giving a warning signal, looks around the top of the buggy to see if the monster is coming, before he begins to grudgingly give a scant part of the road. And let it not be overlooked, there are many car drivers of the same class.

The old Republican-gang claims to be in the saddle again. It was there when the reservoir was built. If it couldn't see that one was built out of whole cloth, so to speak, that would stay "set," scant chance, indeed, it will remain one lastingly out of remnants.

With the overland excursions so near to a close, we are still insistent a permanent road can't be "did" without using permanent material.

With the number of ballots to be marked it wouldn't be an altogether bad idea, if you have a job, and these being Democratic times, of course, you have, to ask for a half day off to vote.

Wouldn't it be wonderful, after all, if that flood wall extension were started this year? It looks as though it might be, for the letting of the contract is set for November 17th.

No complaint has been heard as to the manner in which the most sacred spot in the city, Greenlawn cemetery, is cared for. Then why vote for a change?

With Camp Limberger section hurriedly, several thousand people will have occasion for the next three weeks to figure it out whether it is longer from Lucasville to Portsmouth than from Portsmouth to Lucasville.

All things come, if you wait long enough. There is to be a paved road all the way through New Boston in ten days, if it doesn't rain and nothing else happens.

Thanks to the good and wise French abbe, who tells us the wet cycle is over, though we like not his following prediction that we are in for twenty-seven hard winters.

Nothing like being a philosopher. The Wall Street Journal says the citizens of Berlin, who have to pay 75 cents for butter, ought to think there is less bread to spread it upon.

We have Mr. Bryan with us; that is he is in Ohio, talking for prohibition, but he avoids this section of the vineyard, as usual.

Ohio stands second in the production of automobiles and believing in the quality of her own stuff that is about where she stands in their ownership.

A bad habit is a long time in dying out. A Mississippi editor has just killed his loathsome contemporary.

When the occasional fellow begins to rant about national preparedness, settle it then and there by asking him if he intends to enlist.

Long evenings, best time to subscribe, and make 'em seem short by reading The Times.

Honestly, does any one believe a change will produce a better director of public service than Billy Gergens has made?

New-York-Day-By-Day.
O.O. MCINTYRE.

New York, Oct. 26.—George McAneny, who graduated from newspaper work to President of the Board of Aldermen and confidant of Mayor Mitchell, is to return to his first love. He becomes chief associate editor of the New York Times at a salary said to rival the celebrated Brisbane stipend.

McAneny and the late James C. McAneny were the only reporters on Park Row with Van Dykes but it did not prevent them from being regular fellows. McAneny started on the Jersey City Journal and went to the Morning World.

He is a champion after dinner speaker and always succeeds in holding his audience longer than the allotted time. At a recent dinner given to a well known writer a newspaper made this announcement:

"The dinner was to be held Saturday evening from 7 until 10, but owing to the fact that George McAneny will speak it will be held from Saturday at 7 until Monday morning inclusive."

Those who claim to know say that McAneny will practically have full control of the Times. His employer, Adolph Ochs, has given him carte blanche.

Arthur Edward Thorne, a chauffeur, who used to "shafe" for King Edward, is accused of stealing a \$6,000 automobile from Louise Alexander Strang, a dancer and widow of Louis Strang, the auto racer.

Thorne seems to be absolutely caused to our strange American ways. He was hit amidstships on the street by an automobile. The owner was sorry, fearfully so. He got so sorry that when they went to a corner saloon for a brazer, he said: "You can have my automobile. Take it away." As he sobbed on he repeated: "Take it away. I never want to see it again."

Thorne took it, but didn't get very far until the police got him and he was taken to court. "Your worship," he told the judge, "I thought the bloomin' motor car was mine, Blimey, but the rotter was spooin' me."

Over in Brooklyn last week the base ball writers gave a dinner. Martin Sheridan, the handsome traffic cop and athlete, was among those present. For years Sheridan has held the long distance eating championship of the universe. But he ran up against a rival at the dinner.

He is none other than Simon Gillies, a one-time weight thrower of class. Gillies as an enter made Martin at his eatingest look like a sick canary eating breakfast. This is the supper that Gillies usually eats:

Three pounds of beefsteak, a quart of potatoes, a quart of onions, two stocks of celery, a dozen raw tomatoes, three plates of ice cream and two cups of coffee.

And he always drops in for a bite of free lunch before going to bed.

When Chas. B. Towns was in China making his experiments in the alleviation of drug addiction he became acquainted with a wealthy Chinese who had a string of curio stores in America. They became fast friends and frequently when the Celestial was in New York he called.

Last week a son of the Chinese merchant arrived to attend an American college and naturally called on his father's old friend, Mr. Towns. He was asked what points of interest he would like to see first.

Not having a good grasp of English, he replied: "I should be joyous to see Mr. Woolworth's Ten Cent Factory, the Park in the Middle, the Trains Down a Hole and Wide Street."

Justice Townsend Scudder, of Brooklyn, was scheduled the other night to make a political speech in New York. He was late in arriving and so another speaker who had campaigned with Justice Scudder was used.

as a "filler in." He murdered time for about half hour and then decided that he would play a trick on the jurist.

He stopped for a few seconds and began to recite Justice Scudder's address word for word. When he finished the Justice arrived and wondered why it was he couldn't hold his audience.

A Rural Play

A canvas barn, a painted tree, a slow New England drawl; A large square room with two or three

Worked mottoes on the wall. A hint of wicked city life

By some one in the east. Who plays an honest farmer's wife

With something of a past. A man from town whose shirt is clean

And has at least two suits, To brighten up the rural scene

Of overalls and boots. A cow, if one can be secured,

A soft nosed mare, named Bess;

A dog or two and you're assured Unqualified success

Just take these few ingredients. And mix them as you may,

And keep them free from common sense. You'll have a rural play.

What He Was There For

Young Mrs. Scott was attending her first ball game. The home team was doing well that day and for a time she patiently endured her husband's transports and his brief explanations. But when, amid the cheering, howling crowd he sprang upon the seat, waved his new straw hat three times around his head and almost shattered it on a fat man in front, Mrs. Scott exclaimed:

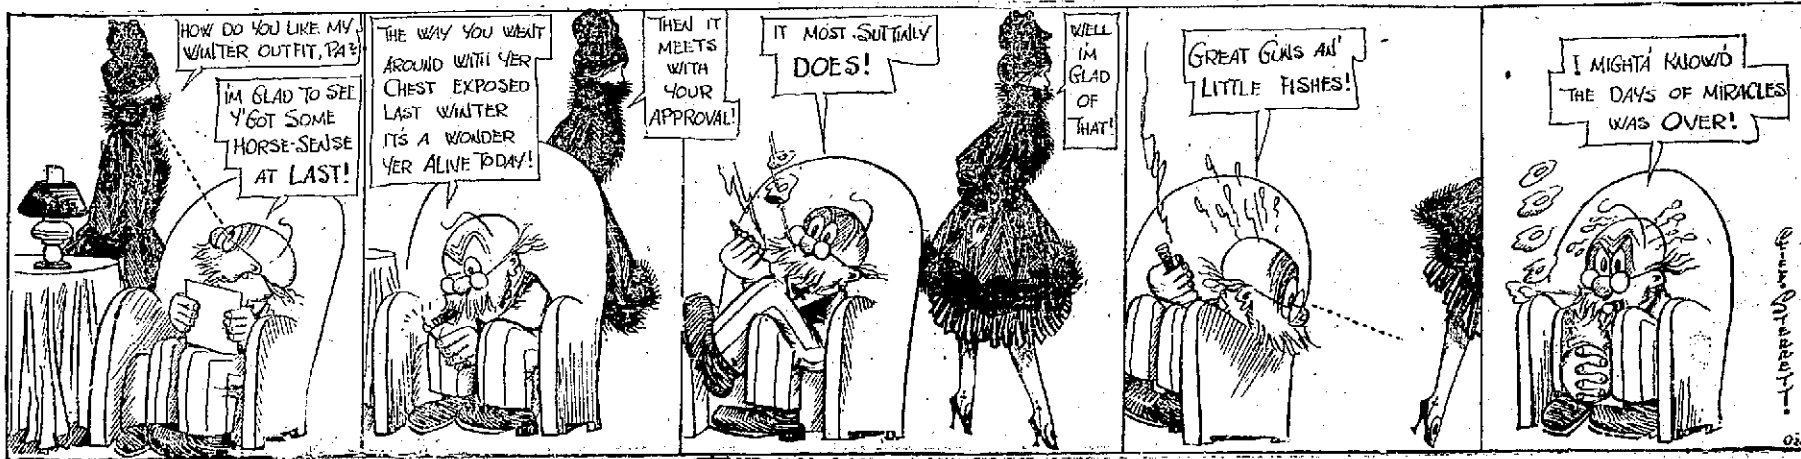

"What on earth's the matter, John?"

"Why, dearie," he answered, as soon as he could get his breath, "didn't you see the feller catch the ball?"

"Of course," said young Mrs. Scott, disgustedly. "I thought that was what he was out there for."—Everybody's.

FOR COUNCIL FIRST WARD, FRANK SCHMANK

So well has Frank Schmank looked after the interests of his constituents that they are going to elect him councilman from the First ward for the fifth time, he having represented the ward in council for the past eight years.

Mr. Schmank is 47 years of age and was born and reared in the First ward, and all of his life has been spent in the West End, with the exception of a few years, when he resided on Grimes avenue. He has followed contracting stone masonry work for the past thirty years. He is an expert in his occupation, as attested by the fine stone work on the Carnegie Library and many other buildings about town, in fact the best stone work to be seen in Portsmouth was done by him. As a public official, Mr. Schmank has ever given his time and attention to all matters of public welfare and just now is chiefly interested in the early restoration of Scioto Point, which was washed out by the 1913 flood. He and his interesting family of wife, five daughters and two sons, reside in an elegant home at No. 313 Front street.

FOR COUNCILMAN, SECOND WARD, HENRY UHL

Henry Uhl, the Democratic candidate for councilman from the Second ward, needs no introduction to residents of that quarter. Born in Portsmouth in 1867, he has lived in the city ever since, the son of Henry P. Uhl, well known aged German citizen of Sixth street, while he styles himself plain "Henry." After attending the public schools until he reached the age of 12 years, he worked in a grocery for a year, then he learned the trade of a stove molder at the old Eberhardt foundry on lower Front

street, working there for about eight years and later for about seventeen years at the Ohio Stove foundry. For the past eighteen years he has been employed as salesman at Lehman Bros. store, where his uniform courtesy to one and all has won him many friends. He is president of the Retail Clerks' Union and is still an honorary member of the Iron Molders' Union No. 147 of Portsmouth. Evidence of his standing was plainly shown two years ago when he was defeated for councilman by such a prominent Republican as Judge George M. Osborn by only 7 votes. Mr. Uhl is also a member of Portsmouth Court, Tribe of Ben Hur and Massie Lodge No. 115, Knights of Pythias. He is married and the father of two children, residing at No. 419 Sinton street.

FOR COUNCILMAN, THIRD WARD, EDWARD WESTPHAL

Ed H. Westphal, who is seeking a second term as councilman from the Third ward, was born and reared in Portsmouth. His grandfather, Conrad Westphal, settled in Portsmouth in 1832, and his first employment was at the old Gaylord mill. Ed is 35 years of age and for nineteen years worked in various shoe factories of the city, three years ago receiving a promotion as foreman of the welt lasting room at the Selby plant which position he is filling at the present time. Two years ago he was elected to council and has labored untiringly in the interest of the Third ward, in which he has resided for the past fourteen years. He is married and is the father of two children.

FOR COUNCILMAN, FOURTH WARD, JACOB T. HOBSTETTER

Jacob T. Hobstetter, the Democratic candidate for councilman from the Fourth ward, comes from one of Portsmouth's best known German families and is one of the "live wires" of the East End.

Mr. Hobstetter was born in Lawrence county 46 years ago and has been a resident of Portsmouth for the past fifteen years. He is carpenter foreman at the Irving Shoe Factory, having been in that company's employ ever since coming to this city. Mr. Hobstetter is prominent in fraternal circles, being a member of all branches of Odd Fellows and also the Woodmen of the World. He is married and resides in a beautiful home at 1227 Hutchins avenue.

FOR COUNCILMAN-AT-LARGE, JASPER NEWMAN

Jasper Newman, who is a candidate for councilman-at-large, was born at Blue Creek, Adams county, fifty years ago. He has been a resident of Portsmouth for the past 23 years. He followed carpenter work practically all of his life time and for seven years did contract work. During the past year he and his brother Marlin Newman embarked in the bakery business, successfully operating the Hilltop bakery. Two years ago he was the Democratic candidate for councilman from the Fourth ward and was defeated.

Thousands of People Use This for Pains and Aches

One of the best things for any pain or ache is the old and well-known Circus Liniment. This remedy has been used with very satisfactory results on man and beast for more than 15 years, and quickly takes out the soreness and swelling in sprains, bruises and infected cuts or wounds, and gives prompt relief in rheumatism, lame back, pleurisy and neuralgia. Usually but a few applications are required to entirely banish the trouble. Circus Liniment is sold on a money-back guarantee and can be had at any drug store, including A. E. Pressler, Corner Eleventh and Officers.

ed by George Gulker, Republican, by the narrow margin of seven votes. He and family, consisting of wife and four children, reside in an elegant home at 1305 McConnell avenue.

FOR COUNCILMAN-AT-LARGE, JOSEPH QUINN PAYNE

Joseph Quinn Payne, who is a candidate for councilman-at-large on the Democratic ticket, is one of the pioneers of Peerless Portsmouth, coming from Kenova at the time this city was made headquarters of the Scioto division of the N. & W. railway twelve years ago.

Mr. Payne is 46 years of age and was born in Giles county, Virginia. His father, Floyd P. Payne, served two terms as sheriff of that county and filled other offices of trust with credit to himself and the community. Mr. Payne before coming to Portsmouth ran engines out of Bluefield, Poashonts and the Clinchfield Valley divisions and has served in that capacity with the N. & W. ever since 1899, at present being employed as a passenger engineer on the Kenova district. He has owned his residence property at 1752 Eleventh street ever since coming to Portsmouth. Although a staunch Democrat all of his life and always taking a deep interest in party affairs this is his first venture in the political arena as a candidate. He is a prominent member of Massie Lodge, Knights of Pythias. L. C. Payne, well known passenger conductor on the Cincinnati district, is his brother.

FOR JUSTICE OF THE PEACE, FRED W. BAESMAN

Fred W. Baesman, who is a candidate for justice of the peace, was born at Jackson, Ohio, on St. Patrick's Day, 1875. He was educated in the public schools of that town, graduating from the Jackson high school and also attending Morgan's Academy. His first employment was as a shipbuilding clerk in a mercantile establishment at Columbus and also served for the same firm as a traveling salesman. He served his country during the Spanish-American war for eleven months on detached duty from the Seventh regulars in the reserve and balance corps at Camp Alger, Camp Meade and various other army camps. He was at Augustus, Ga., when he received his honorable discharge from the service. Returning to Ohio he took up railroading, running as a fireman out of Newark on the B. & O. and was promoted to engineer. He also ran on the C. & W. out of Lorain, Ohio, and the B. & O. S. W. out of Chillicothe, coming to Portsmouth seven years ago and working as an engineer on the N. & W. railway until injured in a wreck at Lenora, W. Va., three years ago. For the past two years he has been clerk of the public safety department, the city board of control and city civil service commission. He still retains his membership in Division No. 311 of the Brotherhood of Locomotive Engineers. He is also an active member of Peerless lodge, Loyal Order of Moose and one of the officers in the Geeks organization. He has a wife and one son, Julius, who is in his third year in the Portsmouth high school.

FOR JUSTICE OF THE PEACE, LOUIS H. SIELING

Louis H. Sieling, who is one of the Democratic candidates for justice of the peace, is a Scioto county boy, first seeing the light of day near Sciotoville 35 years ago. He has lived in Portsmouth for the past 18 years. For almost eight years he was employed as a grocery clerk. Two years ago he was elected constable by a handsome vote and has served in that capacity under Squire John W. Bryant ever since. The experience thus gained should qualify him in more ways than one for the office to which he is now aspiring. Mr. Sieling is married and is the proud father of four little Sielings.

POLITICS

Vigorous defense of the proposed constitutional amendment extending the terms of county officials to four years, the McDermott liquor licensing law, and the Sprague gerrymander, was voiced by Roy McElhaney, the principal speaker at the meeting of the First Ward Republicans at Republican headquarters Monday evening.

Mr. McElhaney is the first speaker in the present campaign who has come out for the amendment providing for the extension of the terms of county officials, and he supported it heartily. He claimed that an official hardly had time to familiarize himself with the duties of his office until he had to make a campaign for re-election. He also insisted that it would be a saving for the taxpayers, since fewer elections would be held. Mr. McElhaney also advocated four year terms for state and city officials, using the same argument in support of it.

The speaker pleaded with the voters to cling to the primary system of nominating candidates for office, since it was their only chance to keep the bosses from making the selections.

He called upon all good Republicans in Portsmouth to support the McDermott licensing bill and the Sprague gerrymander, upon each of which a referendum has been called. He said that Governor Willis was enthusiastically in favor of both laws, and that the Republicans of Ohio owed it to him to stand by him.

Mr. McElhaney devoted the greater part of his address to a discussion of national issues, in the course of which he gave the speakers that followed him a cue to follow in the matter of "preparedness for the 1916 campaign."

He said the present campaign was but a fore-runner of the presidential contest next year, and that it behooved all Republicans to get ready for the national struggle between the two parties.

"There never was a time that the country needed a Republican administration as now," said Mr. McElhaney. Continuing, he came out strong for a protective tariff on all commodities, insisting that only through the operation of that Republican principle would prosperity come to this country. He said that present wave of good times was due to the war in Europe, and not to the Democratic national administration.

In closing, Mr. McElhaney urged all present to support the entire Republican ticket, headed by H. H. Kaps, a descendant of one of Portsmouth's pioneer families, for mayor. Mayor Frick, he said, deserved no special credit for doing his duty, as it was what he took his oath of office to do. He guarded against over-confidence.

Quoting an old ringside adage, he said, "Prepare for a slump like a champ."

P. E. Roush, the Republican nominee for council in the First Ward, also devoted the greater part of his time to a discussion of national issues, reiterating Mr. McElhaney's statement that the present campaign was a preliminary skirmish to the 1916 election.

The present wave of prosperity he also attributed to the European war, and warned the laboring men present that after the war was over, they would have to contend with cheap foreign labor.

"The Democrats say that the Republican party is controlled by the capitalists," said Mr. Roush. "That is not so. Besides, what would labor do without capital? The workingman has his labor to sell, and if there is no one to buy it, he can have no money to buy the necessities of life. Under Republican rule the workingman has work and therefore has money."

Mr. Roush closed his speech with a boost for Fred N. Tynes, the Republican candidate for mayor two years ago, eulogizing him as a loyal friend of organized labor.

Others who spoke at the meeting were E. K. S. Clinkenbeard, Charles W. Wilson, George W. Sheppard, Henry L. Gline and H. H. Kaps, the Republican candidate for mayor. All of them pleaded that they were unprepared and that they hadn't expected to be called upon, but each one weighed in with an exhortation of Mayor Frick before he sat down.

Mr. Clinkenbeard revised his estimate of Kaps' majority, stating last evening that it would be between 750 and 1000. One week ago he prophesied a majority of from 1200 to 1500 for the Republican candidate.

In his short talk, Mr. Kaps complained that the Republican speakers had dwelt too much upon his candidacy and not enough upon the other candidates. He said that he wanted the entire ticket elected with him, and did not desire to go into office alone.

Mr. Kaps referred to the advertisement in Saturday's Times, which spoke of a sub-contractor of one of the principal contractors at the water works settling up with the other principal contractors in the event that he was elected. He said that the advertisement was aimed at him, but he added that he thought it strange that no mention was made of the fact that George P. Shute, the sanitary hydraulic engineer, was in the employ of the New York City department of Jewell Filtration company before entering the employ of the city.

The meeting was called for 7

o'clock, but it was almost eight o'clock before it was called to order by the chairman, Charles McCormick, as the crowd was slow in arriving. Between forty and fifty voters were present, the majority of whom were from the First Ward.

Conspicuous by their absence were Charles E. Hard and John Eckhart, Kaps leaders in the primary election, and bitter political foes of the principal speaker, Roy McElhaney.

Unbounded enthusiasm and reports of a most encouraging nature marked the meeting of Democratic candidates and committeemen held at the Democratic headquarters Monday evening.

While intended merely as a conference between the candidates and committeemen some interested party workers began dropping in, and as a mark of appreciation of their coming and presence it was converted into an open meeting.

Mayor Adam Frick, who was at his office, was summoned to address the gathering and leave a word of encouragement. The mayor voiced his appreciation that so many were earnestly taking an active part in the campaign, felt it was a matter the candidates ought to appreciate and regarded it as a fore-runner of success at the polls next week. He reiterated his attitude that he is not before the public so much as a candidate as he is as a citizen and taxpayer. He said he was willing at any time and any place to give an account of his stewardship, the success of which he believed was well understood. He said it was his family that if continued for two more years at the head of municipal affairs that he not be a candidate for public office again. He said he appreciated the hearty co-operation of all whose efforts enable him to carry out his policies. He said he had expected criticism when he was first elected to the legislature, but evidently it did not amount to much, for no person who is not willing to accept criticism has no business in public life. He said he himself was only human and makes the mistakes that the ordinary man makes and he was very sorry that some of those with whom he had been associated in the past, expected too much of him and are not showing the same active interest now but he did not want to be charged with the responsibility for their change of front. It was their error and not his, said he. He had met all issues squarely, he said and now hoped to close his career in public life. He assured his friends that when he returned to private life he would try to show due appreciation for their loyalty to him.

The mayor said he was too busy engaged with his official duties to go on the stump and make a plea for votes, believing that his position on all public questions and matters of public welfare were too well understood by the entire citizenship but any time his presence was desired to briefly address similar meetings at headquarters he stood ready to respond.

Vice Mayor William F. Cook, City Auditor George L. Gableman and other candidates present made brief talks all expressing confidence that a count of votes next Tuesday evening would show a signal victory for the entire Democratic ticket. Precinct reports told of noticeable results from the vigorous advertising campaign inaugurated by the Democrats and which now has the opposition busy explaining questions that for some time past have been agitating the public mind.

Four meetings have been scheduled for this week by the Republican city campaign committee, beginning with two open air meetings Wednesday evening, one in the Second Ward, and the other in the Third Ward.

N. B. Gilliland will address the voters of the Second Ward at the corner of Front and Sinton streets, while the Third Ward meeting will be held at the corner of Eleventh and John streets. The speakers for the latter meeting have not been announced.

On Thursday evening, the Fourth Ward Republicans will assemble in the Distel hall at Gallia and Lawson streets, where several speakers will deliver addresses. Special music will be furnished by the Aeolian Quartette.

The week's speech making campaign will close with a general meeting of Republicans from all over the city at Republican headquarters in the Haldeman building at 819 Gallia street. At this time the precinct workers will turn in their lists of voters

pledged to vote and work for H. Kaps for mayor.

The deaf mutes will be addressed this evening at Republican headquarters by William Cooper and Joseph Ross, who will discuss the issue of the campaign in the sign language.

A general meeting of the Democratic candidates, committeemen, and precinct workers will be held at the Democratic headquarters on Second street this evening. Many of the candidates will be called upon for short talks.

Says Drys Hope To Change Scioto Co.

The Columbus Dispatch, regarding the wet and dry fight, has the following:

"By switching into the dry column half of the 18 counties which last year returned anti-prohibition majorities, and materially increasing their majorities in the 70 counties which voted for prohibition, leaders of the organized dry forces say they have a fighting chance

for adoption of their resubmitted prohibition amendment at the coming election.

The nine counties they hope will change front on the prohibition issue are Clermont, Lake, Miami, Scioto, Sandusky, Seneca, Jackson, Shelby and Warren.

Wet majorities in these counties last year ranged from 55 in Lake to 634 in Sandusky."

C. & O. PLACES ORDER FOR MORE EQUIPMENT

President Stevens, of the Chesapeake and Ohio Railroad company, announces that purchases of additional equipment, amounting to more than \$2,000,000, have been authorized. Ten additional Mallet engines costing approximately \$35,000 each, six "G-7" type engines, costing \$17,000 each, to be used in freight service, one "A-16" type passenger engine, costing about the same amount, and one thousand 70-ton hopper bottom coal cars, costing \$1,600 each, have been authorized.

The 70-ton coal cars are of the same type as the two thousand coal cars of the same capacity which were secured last year and are to be used exclusively in the

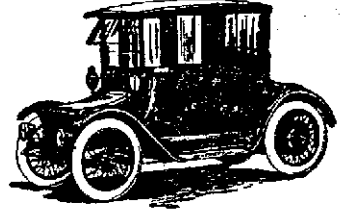

tidewater coal carrying service. These additions to equipment are additional to those which have previously been ordered by the Chesapeake and Ohio and will go far towards increasing the efficiency of the service.

OWLS PLAN TO TAKE
IN 300 NEW MEMBERS

Three hundred new members this winter is the goal set by Portsmouth Nest Owls, which made preparations for an active membership campaign at its meeting Monday evening. During the campaign a big initiation will be held, which will be made a memorable event in the history of the local Nest. Each member has pledged himself to turn in at least one new member.

In connection with this campaign the Nest has decided to secure new quarters, which will be used exclusively by the Owls. The committee in charge of securing a new hall announced that it would have something definite to report along this line at the meeting next Monday evening.

The committee in charge of the street carnival last week was not ready to make a complete report, but it was announced that the Nest would realize a handsome profit as its share.

A social session will follow the meeting next Monday evening, and preparations will be made to entertain a large number of the members. Interest in the order is reviving with the return of colder weather.

The members were pleased to see their old secretary, William Miller, back at the meeting Monday evening. He has been ill in a Cincinnati hospital for several weeks, but has recently returned, much improved.

WET SPEAKER GREETED
BY LARGE CROWDS

With two exceptions, large crowds greeted Dr. Brose Horne, of Gas City, Ind., the wet speaker, in his automobile tour of the west side of the county Monday. The exceptions were at Sedan and Pond Creek. At the latter place, a funeral was being held in that vicinity, and the meeting was called off by the wet campaign manager, Joseph Switalski.

Local wet leaders stated after the tour that Dr. Horne was one of the most eloquent and convincing talkers that had ever visited Summit county, and they regretted exceedingly that he was not booked to address a Portsmouth audience.

Dr. Horne's subject was "America's Farce Comedy," in which he styled the leading comedians William J. Bryan, Richard P. Hobson, Frank Hanly and others,

whom he characterized as ex-secretaries of state, ex-congressmen, ex-governors, and the like, who had gone over to the Anti-Saloon league for a livelihood.

Dr. Horne left early Tuesday morning for Cincinnati, where he is to address a big meeting this evening in advance of William J. Bryan's coming for the wets. He spoke Monday at Lucasville, Sedan, Mt. Joy, Barden, Lombardsville, McDermott and Buena Vista.

THEATRICAL

"Neal of the Navy"
At the Sun

"Neal of the Navy" the new Pathe serial picture will have its first showing at the Sun theatre today and will be shown every Tuesday matinee and night for the next twenty weeks, and the patrons will have a big double show for one admission and see the great picture as well as the best stock company ever seen in Portsmouth and all for one price of admission.

At the Sun

Hundreds have read the book, "The Man From Home" and now they have the opportunity of seeing the play produced by the Dalley Stock company at the Sun the first half of this week. A large audience Monday night gave the play their hearty approval.

Ted Dalley plays the leading role as guardian of the girl from his home town. Miss Stella Wimmer in the role of Ethel Granger Simpson, the home town girl, enacts her role splendidly. Frank Bryan as Miss Simpson's brother was excellent. Richard Cramer and Joe Price as noblemen were very good.

"The Lure" is the attraction for the last three days of the week. It is a powerful white slave drama with a splendid moral. Matinees Thursday and Saturday.

The Movies

"The Heart of Jennifer" With Hazel Dawn at the Columbia Tonight

Tonight is Paramount night and Hazel Dawn, one of the screen's most beautiful and charming stars, also proves herself an actress of genuine dramatic power in the Famous Players Film company's appealing photo adaptation of "The Heart of Jennifer," by Edith Bernard Dolano, author of another Famous Players' screen triumph, "Rags."

"The Heart of Jennifer" is the story of a woman's strong love for her husband, which prompts her to place upon herself the guilt of the crime committed by his sister. In the role of Jennifer, Hazel Dawn suggests with infinite tenderness and pathos the heroic fortitude of the sacrificing wife. "The Heart of Jennifer" is a photo to play that conforms with the highest standard of the Famous Players Film company.

"Tillie's Punctured Romance," the funniest of all picture plays will play a return engagement at the Columbia tomorrow. Remember this picture was at the Columbia last spring for two days and everybody who saw it had the laugh of their lives.

Those three funny people, Charlie Chaplin, Marie Dressler and Mabel Normand are without doubt the greatest comedy team ever put together and the story of "Tillie" and her wonderful romance is still fresh in the minds of those who saw it.

No advance in prices for "Tillie" tomorrow and the regular admission of ten cents will be charged.

Robert Warwick in "The Face In The Moonlight" At Lyric Friday

World Film Corporation presents the five part photoplay Robert Warwick in "The Face In The Moonlight," based on the great William A. Brady stage success in which Robert Mantell appeared for many seasons. The picture will be shown at the Lyric theatre on Friday.

Robert Warwick is starred in this picture, which is the first production for World Film of the great French director, Mr. Albert Capellani, whose record of successful motion picture making extends over a period of twelve years, a career without parallel in the annals of the art.

The Right to Recreation
On Sunday

The laboring man claims a right to Sunday afternoon, if his conscience permits, especially if he has gone to church in the morning.

The business man, the clerk, the wife at home shares his belief regardless of church affiliations, and then in community affairs of this nature, there must be considered the large percentage of our population who do not affiliate with any religious denomination.

IF ALL THE MEMBERS OF THE CHURCHES WERE LINED SOLIDLY AGAINST US IN THIS MOVE, WE FRANKLY TELL YOU WE WOULD NOT MOVE, but many are with us heart and soul, as they see the good we can do for the community on Sunday and the happiness we can bring.

They see us reaching out and bringing in off the streets our young people who wander aimlessly about every Sunday afternoon and evening, a floating population, who try as they may, the Church can't or don't get within their doors.

All fair-minded church people know that we would strangle many of the Sunday vices of Portsmouth, the street walking and many other forms of vice stimulated by Sunday idleness with nothing to occupy one's mind or NO PLACE TO GO.

A person with nothing to do needs attention and good attention too.

Generally speaking, the young people after they are a little along in years, get away on Sundays, either afternoon or night, but if they are in the "Picture Shows" it is certainly better than to acquire the Portsmouth "street walking habit" which we regret to say has quite a reputation.

When Napoleon was coming into power as emperor. A young aristocrat, a soldier, is falsely accused of murder which his own villainous half brother, Rabat, committed. The half brothers do not know one another—they have not heard of each other's existence; and interest of this drama concerns itself with this fatal resemblance and the miseries and misfortunes into which it leads the innocent half brother.

In the end Napoleon pardons the innocent young soldier, and Rabat, the murderer, goes to the scaffold to expiate his crimes.

The film play is replete with intensely dramatic situations showing the hand of a master photo-dramatist.

Robert Warwick in "The Face In The Moonlight," will unquestionably be a highly successful thriller.

Beautiful Drama at Exhibit Theatre Tonight

Manager Law has a wonderful show for the Exhibit patrons tonight—three big features—and every one a top-notch. First and foremost will be the presentation of "Little Doll's Dressmaker." This is a heart interest drama, showing how a little crippled girl transformed the whole atmosphere of a reform school, whether she had been sent there because of an alleged theft. The little girl was a cripple, but despite her infirmities she turned night into day and became a regular little sunbeam. Her after life was one of love and devotion, for it brings Herbert Rawlinson and Anna Little in "The Social Lion," and became the wife of a man who had interested himself in her welfare and the greatest western plains.

Third reel, "The Bravest of the Brave," a side-splitting Joker

Dressmaker." Manager Law will show a comedy entitled "Nearly a Prize Fighter." This will be followed by a heart interest drama entitled "For Her Brother's Sake." The admission at the Exhibit is five cents to all.

Two Big Successes at Arcana Theatre Tonight

When it is a Gold Seal production, put it right down in your list of books that it is a winner. Consequently "Misjudged" a two reel feature which is to be shown at the Arcana theatre tonight and which has just been issued by the Gold Seal Co., is a headliner that will make all lovers of movies sit up and take notice. This is a production that holds the interest from beginning to end, a heart interest drama that shows woman's purity and love through many trials and tribulations. And one, too, where right triumphs and where all is well that ends well. Don't miss seeing this splendid feature—it's one of the prettiest ever shown in this city. In addition to this big feature Manager Potts has arranged to show a screaming farce, entitled "She Winked." This is a regular riot of fun and frolic. The show tonight is guaranteed to be one of the best of the season, and remember the price of admission is only five cents.

Strand

Tuesday is always 101 Bison day at the Strand and this week it brings Herbert Rawlinson and Anna Little in "The Social Lion," and became the wife of a man who had interested himself in her welfare and the greatest western plains. Following "Little Doll's

comedy, featuring Max Ashur, William Francy, Gale Henry and Lillian Pearce.

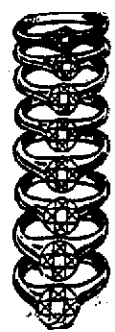

Rich Comedy At The Majestic Theatre Tonight

A Broncho film entitled "Lost In the Jungle," or "Shorty Inherits a Harem," will be the big headliner at the Majestic theatre, Second street, this evening. The fact that it is a Broncho is sufficient guarantee of its goodness. It is a real riot of fun and frolic and will be enjoyed from start to finish. Don't miss this rare treat. This will be followed by another scream, entitled "Aunt Matilda Outwitted." Full of furious fun and a comedy that will please and tickle. The big program will conclude with a heart interest drama entitled "Two Little Orphans." This film will teach a great moral lesson and is worth many sermons you may have heard. The show at the Majestic tonight is one of the best of the year and that the people appreciate the big bills at this popular amusement place is shown by the increased patronage. The admission is only five cents, but the attractions worth twice as much. Come tonight.

At The Temple

The latest release on the famous William Fox productions, "The Song of Hate," is Manager Smith's offering at the Temple theatre tonight. "The Song of Hate," based upon Sardou's celebrated modern dramatic work, features such universal stars as Betty Nansen, Arthur Hoops and Dorothy Bernard.

The story is well written and there is action all the way through the six reels. The price of admission is ten cents.

Very Little Stock

Appraisers of the Walter S. Coriell saloon at Fourteenth and Findlay streets found nothing of value in the saloon outside of the fixtures, one gallon and half of whiskey and nine five-cent cigars, when they made an inventory of the place Tuesday morning. The stock had almost been thoroughly cleaned out. Official report of the appraisement has not been filed in probate court. The appraisers were Lew Ditty, George Poehr, and William Frederick.

Dry Meeting Was A Big Success

One of the most enthusiastic dry meetings held in the county took place in Sciotoville Monday night. The audience, which easily numbered 400, was addressed by Prof. J. H. Finney, of this city. The music was furnished by the Pilgrim Singers and they were forced to take many encores, so insistent was the applause.

Prof. Finney thoroughly defended the dry argument being made throughout the county. He is a forceful talker and his remarks were greeted by much applause. At 6:30 Monday evening Prof. Finney addressed a good-sized audience of voters at the Star Yarns.

Accompanied by the Pilgrim Singers, he will talk at Gallia and Lawson streets at 6:30 tonight. Lower Market Square at 7:45 to night. The Pilgrim Singers, who

made a hit wherever heard, will accompany Prof. Finney on his trips.

THE MARKETS

NEW YORK STOCKS

New York, Oct. 26.—Trading was broad and active today, but pressure was effective, particularly in other shares, declines ranging from 3 to 20 points.

Irregular price changes were recorded at the opening of today's market, but specialties continued their recent advances, with new high records for the several Maxwell Motor Issues, which rose 1 to 2 points.

Virginia Iron, Coal and Coke advanced five points to the new maximum of 74. Among the other strong and active specialties were National Enamelling, American Car, Bethlehem Steel preferred, American Linseed, Virginia Chemical and United Cigar Manufacturers. Reading selling extra dividend rose a point with a similar gain for Union Pacific, while Erie, yesterday's conspicuous feature, added a substantial fraction.

Erie was the most active issue of the morning session, its sales exceeding any other by a large margin. The stock advanced 1 1/2 to 40 1/2, its best price in eight years, with increased strength in the first and second preferred shares. U. S. Steel rose a substantial fraction over yesterday's close, but was freely offered on

the rise. Profit taking caused the usual setback, some representative stocks losing initial advances, while specialties like Baldwin and the automobile group were 1 to 3 under. Later rails, notably Canadian Pacific made material improvement, also coppers and some low priced specialties. Bonds were firm.

The market was very feverish in the last hour, Steel losing half its gain and some specialties breaking precipitately. The closing was irregular.

CHICAGO GRAIN AND PROVISIONS

Chicago, Oct. 26.—Declines took place in the wheat market today on account of unresponsive cables (and because of favorable weather in the northwest. Renewal of gossip that the Canadian duty was likely to be removed tended also to help the bulls. Besides messages were received that apparent lightness at Minneapolis was due only to the temporary holding back of cars so as to prevent congestion of terminal facilities. Prices which ranged 3/4 to 5/8 up with Dec. 101 to 101 1/2 and May at 103 to 103 1/2 were followed by a material setback all around.

An additional break followed reports that Germany might offer terms of peace, but buying for seaboard account rallied the market. The close was steady 3/4 to 1/2 cent net lower with Dec. at 100 1/2 and May at 102 1/2 to 102 3/4.

Corn advanced when wheat showed a recovery. The close was steady at a net gain of 1/4 to 1/2 cent.

Corn eased off with wheat. Favorable weather more than offset strong cables. After opening unchanged to 1/4 to 1/2 lower, the market underwent a moderate general sag.

Traders in oats took their cue from the bearish action of the grain. However, the market

showed little pressure to sell. Lack of support weakened provisions. On the other hand no important liquidation was in evidence.

NOT COMING, ARE HERE.

An official, connected with one of Portsmouth's largest enterprises, took a little run out into the regions beyond, and visiting a number of industries of various kinds, what he heard and saw surprised and set him all aglow. Enthusiastically is he sure, not that a wonderful prosperity is developing, but that it is actually here and doing business. Iron foundries that have been idle for as long as twenty years, are being repaired and put in operation, lumber mills have on hand piles of orders that look as big as bales of straw and others are coming in like heavily falling snow flakes, the insistent demand for material being regardless of price to be charged. The outputting of coal mines is increasing with feverish haste and the Chesapeake and Ohio railway never before had such freight offerings, or had such an acute shortage of cars, officials running madly over the country looking up stray cars belonging to the railway.

This condition is not singular in this immediate territory, it is general and extends in the same unprecedented revival all over the country. No, it is not based solely, nor even in the major part on "war orders." The orders are in the main for home consumption and embrace every line of production.

GENERAL SMITH'S SPEECH.

General Jacob H. Smith was over at Boston early in the month to make a speech before the reunion of Philippine veterans. That his address made a strong impression is shown by an editorial comment that appeared in the Boston Journal, one of the biggest and best papers in New England. In its issue of October 13th, the Journal said:

"Brig. General 'Hell Roaring Jake' Smith, U. S. A., retired, has been a soldier by profession, and he is a soldier still ready to throw his 75 years into a firing line if his country should call him. But he isn't a hell roarer by vocation or disposition. In Boston with the Philippine campaign veterans this week, Gen. Smith has emitted never a roar. He has spoken feelingly, forcefully, and gently, of a need for military preparedness of the nation. That is not an object to be attained by roaring. 'We don't want a roaring army or a roaring reserve force. We want an efficient, quiet, well-trained body of disciplined men, all-the-way citizens who are intelligent enough to know that their country relies upon them and loyal enough to hold themselves reliable.'"

"Men like 'Hell Roaring Jake' Smith should be seen often in public. They would help to dispel the pip-perifist idea that military training means bloodshot eyes and a gun-cotton heart and that a hell roarer on the battlefield is an undesirable citizen."

TWO IN A HAMMOCK SOUNDS BETTER.

Our compliments to "Shook," the brilliant cartoonist, of the Portsmouth Times, who comes to our aid as a lover and advocate of Jack Frost and the glorious Autumn. He pictures us, along with his own discriminating and artistic self, applauding the marvelous color work of Jack Frost on the hills and in the dales, with Editor Taylor of The Times hugging a hot gas stove and ejaculating: "I'll be darn glad when good old summer comes again." This note is in the foreground of his picture: "Dear Sibley—These 'October' cartoons are but an evangelistic effort on our part to convert Editor Taylor to the beauties of frosty Autumn. But to date he's still 'untouched.' Shook."

Aw, come on over, Taylor. Be a sport. Autumn's all right. Quit shivering and kicking. Just think of the pleasures of sleigh-riding with a pretty girl, or of having your face washed in the snow by her. There's nothing like it; honest there ain't, Harry! —Gallipolis Tribune.

In a case brought at Marietta, the circuit court of appeals for this district held that city elections could not be held to be of such a partisan character that the politics of a person or of a newspaper could be held to be affected by their attitude in such elections. The case came into court through the filing of a petition by the Marietta Register-Leader to enjoin the county auditor from publishing the county financial statement in the Marietta Journal, as a Republican paper, it being alleged that the Journal was supporting an independent candidate for mayor of Marietta, and opposing the Republican candidate. The court held that the greatest independence in voting was desirable in city affairs and that party standing, under the law, was not determined by votes at city elections.

George L. Gableman is a city official who is on the job early and late. He runs his office right and he runs it with economy. He is most courteous and obliging to those who have business with his office and he will go out of his way to do any man or woman a favor. He is a candidate this fall for his second term, and he should receive the vote of every man who believes in honesty and efficiency in the conduct of office.

Whether or not, William Jennings Bryan will be able to lead many of his admirers, not already of the same belief, into the prohibition camp in the battle this fall in Ohio, is a question that the result alone can answer. Of one thing however, there is no doubt, and that is the sincerity of Mr. Bryan himself, in opposing the liquor traffic. He has been earnest, conscientious and consistent in his stand.

The touch of the good old summer time, added to these October days, is what makes them so delightfully enjoyable.

JUST AN INSTANCE.

A perverse tax payer throws the limelight on a somewhat small incident which shows the prodigious and an entirely inexcusable waste of public moneys. The Cincinnati board of education has issued an annual report of its proceedings and operations for the past school year. As the tax payer points out, the report is neither such nor a pamphlet, as it is called, but a mere summary in part and a hook on the whole. It consists of 388 pages. Just sixteen of these are given to recording the totals of the expenditures and one to an estimate of the sums that will be required for the current year. Then follows seven illustrations of the show educational buildings, while the remainder of the 384 pages is devoted to long dissertation on institutes and divers other fads and wrinkles, supposedly connected with the public school system, or incidental thereto.

As thousands of copies of "the report" were printed, assumably, because they were for general distribution, the cost was several hundred dollars. It is all a total loss because its contents are foreign to any purpose that would either enlighten, or better the public school system. The tax payers have a right to and should be given intelligible information as to what purposes taxes go and results obtained, but there is nothing intelligible in the massing of huge figures and exposition of the fads of boards. If sixteen more pages of the book had been given to an itemized statement of the expenditures, showing who got the money and how much of it, it would have served some useful purpose and beyond peradventure raised a yelp from more than one tax payer, even in Cincinnati.

With the Chillicothe pike closed! to travel for 17 days, one has reason to be thankful that the Scioto shows evidence of being sleek and humble, so that the temporary bridge is not in danger of being washed away again. As for the big bridge it will likely be two or three times 17 days before it is ready for travel.

Still, it would be a rather mean trick on Congressman Kearns to bring him up here to speak in that hall Senator Tremper and ourselves are going to hire, and then have the Republican organization here insist upon him saying that he did not like Scioto county, wanted none of us and hoped the Lord would see that he was voted into a new district.

Some things are hard to believe, though we perforce must. Here comes an unusually reliable contemporary telling of a party of three, which jumped from an automobile so quickly at the sound of an explosion, that the pieces of the machine, which was blown into smithereens, could not catch them and all escaped unhurt. So totally was the car blown to pieces that only a few parts were salvaged.

Help, even quinine is going up. It is now quoted on the New York market at \$2.40 per ounce, about three times what it was eighteen months ago. The demand for the drug for the use of soldiers engaged in the European war is responsible for the increase in price.

How much better it would have been if New Boston had thought of inundating the reservoir before it was built, instead of after it hoisted.

One strange development of the advent of the automobile is the Jehu in the buggy, who when giving a warning signal, looks around the top of the buggy to see if the monster is coming, before he begins to grudgingly give a scant part of the road. And let it not be overlooked, there are many car drivers of the same class.

The old Republican gang claims to be in the saddle again. It was there when the reservoir was built. If it couldn't see that one was built out of whole cloth, so to speak, that would stay "set," scant chance, indeed, it will repair one lastingly out of remnants.

With the overland excursions so near to a close, we are still insistent a permanent road can't be "did" without using permanent material.

With the number of ballots to be marked it wouldn't be an altogether bad idea, if you have a job, and these being Democratic times, of course, you have, to ask for a half day off to vote.

Wouldn't it be wonderful, after all, if that flood wall extension were started this year? It looks as though it might be, for the letting of the contract is set for November 17th.

No complaint has been heard as to the manner in which the most sacred spot in the city, Greenlawn cemetery, is cared for. Then why vote for a change?

With Camp Limberger section barricaded, several thousand people will have occasion for the next three weeks to figure it out whether it is longer from Lucasville to Portsmouth than from Portsmouth to Lucasville.

All things come, if you wait long enough. There is to be a paved road all the way through New Boston in ten days, if it doesn't rain and nothing else happens.

Thanks to the good and wise French abbe, who tells us the wet cycle is over, though we like not his following prediction that we are in for twenty-seven hard winters.

Nothing like being a philosopher. The Wall Street Journal says the citizens of Berlin, who have to pay 75 cents for butter, ought to think there is less bread to spread it upon.

We have Mr. Bryan with us; that is he is in Ohio, talking for prohibition, but he avoids this section of the vineyard, as usual.

Ohio stands second in the production of automobiles and believing in the quality of her own stuff that is about where she stands in their ownership.

A bad habit is a long time in dying out. A Mississippi editor has just killed his loathsome contemporary.

When the occasional fellow begins to rant about national preparedness, settle it then and there by asking him if he intends to enlist.

Long evenings, best time to subscribe, and make 'em seem short by reading The Times.

Honestly, does any one believe a change will produce a better director of public service than Billy Gergens has made?

New York, Oct. 26.—George McAneny, who graduated from newspaper work to President of the Board of Aldermen and confidant of Mayor Mitchell, is to return to his first love. He becomes chief associate editor of the New York Times at a salary said to rival the celebrated Brisbane stipend.

McAneny and the late James Crockman were the only reporters on Park Row with Van Dykes but it did not prevent them from being regular fellows. McAneny started on the Jersey City Journal and went to the Morning World.

He is a champion after dinner speaker and always succeeds in holding his audience longer than the allotted time. At a recent dinner given to a well known writer a newspaper made this announcement:

"The dinner was to be held Saturday evening from 7 until 10, but owing to the fact that George McAneny will speak it will be held from Saturday at 7 until Monday morning inclusive."

Those who claim to know say that McAneny will practically have full control of the Times. His employer, Adolph Ochs, has given him carte blanc.

Arthur Edward Thorne, a chauffeur, who used to "shove" for King Edward, is accused of stealing a \$6,000 automobile from Louise Alexander Strang, a dancer and widow of Louis Strang, the auto racer.

Thorne seems to be absolutely amused to our strange American ways. He was hit amidships on the street by an automobile. The owner was sorry, fearfully so. He got so sorry that when they went to a corner saloon for a brace, he said: "You can have my automobile. Take it away." As he sobbed on he repeated: "Take it away. I never want to see it again."

Thorne took it, but didn't get very far until the police got him and he was taken to court. "Your worship," he told the judge, "I thought the bloomin' motah car was mine, Blimie, but the rotter was spooin' me."

Over in Brooklyn last week the base ball writers gave a dinner. Martin Sheridan, the handsome traffic cop and athlete, was among those present. For years Sheridan has held the long distance eating championship of the universe. But he ran up against a rival at the dinner.

He is none other than Simon Gillies, a one-time weight thrower of class. Gillies as an enter made Martin at his eatingest look like a sick canary eating breakfast. This is the supper that Gillies usually eats:

Three pounds of beefsteak, a quart of potatoes, a quart of onions, two stocks of celery, a dozen raw tomatoes, three plates of ice cream and two cups of coffee. And he always drops in for a bite of free lunch before going to bed.

When Chas. B. Towns was in China making his experiments in the alleviation of drug addiction he became acquainted with a wealthy Chinese who had a string of curio stores in America. They became fast friends and frequently when the Celestial was in New York he called.

Last week a son of the Chinese merchant arrived to attend an American college and naturally called on his father's old friend, Mr. Towns. He was asked what points of interest he would like to see first.

Not having a good grasp of English, he replied: "I should be joyous to see Mr. Woolworth's Ten Cent Factory, the Park in the Middle, the Trains Down a Hole and Wide Street."

Justice Townsend Scudder, of Brooklyn, was scheduled the other night to make a political speech in New York. He was late in arriving and so another speaker who had campaigned with Justice Scudder was used.

What Ho Was There For Young Mrs. Scott was attending her first ball game. The home team was doing well that day and for a time she patiently endured her husband's transports and his brief explanations. But when, amid the cheering, howling crowd he sprang upon the seat, waved his new straw hat three times around his head and almost shattered it on a fat man in front. Mrs. Scott exclaimed:

"What on earth's the matter, John?"

"Why, dearie," he answered, as soon as he could get his breath, "didn't you see the feller catch the ball?"

"Of course," said young Mrs. Scott, disgustedly. "I thought that was what he was out there for."—Everybody's.

A Rural Play

A canvas barn, a painted tree, A slow New England drawl; A large square room with two or three

Worked mottoes on the wall; A hint of wicked city life By some one in the cast, Who plays an honest farmer's wife

With something of a past. A man from town whose shirt is clean

And has at least two suits, To brighten up the rural scene Of overalls and boots.

A cow, if one can be secured. A soft nosed mare, named Bess;

A dog or two and you're assured Unqualified success. Just take these few ingredients And mix them as you may,

And keep them free from common sense, You'll have a rural play. —Jamesville Daily Gazette.

THE MARKETS

NEW YORK STOCKS

New York, Oct. 26.—Trading was broad and active today, but pressure was effective, particularly in other shares, declines ranging from 3 to 20 points.

Irregular price changes were recorded at the opening of today's market, but specialties continued their recent advances, with new high records for the several Maxwell Motor Issues, which rose 1 to 2 points.

Virginia Iron, Coal and Coke advanced five points to the new maximum of 74. Among the other strong and active specialties were National Enamelling, American Car, Bethlehem Steel preferred, American Linsseed, Virginia Chemical and United Cigar Manufacturers. Reading selling extra dividend rose a point with a similar gain for Union Pacific, while Erie, yesterday's conspicuous feature, added a substantial fraction.

Erie was the most active issue of the morning session, its sales exceeding any other by a large margin. The stock advanced 1/8 to 40%, its best price in eight years, with increased strength in the first and second preferred shares. U. S. Steel rose a substantial fraction over yesterday's close, but was freely offered on

the rise. Profit taking caused the usual setback, some representative stocks losing initial advances, while specialties like Baldwin and the automobile group were 1 to 3 under. Later rails, notably Canadian Pacific made material improvement, also coppers and some low priced specialties. Bonds were firm.

The market was very feverish in the last hour, Steel losing half its gain and some specialties breaking precipitately. The closing was irregular.

New York, Oct. 26.—The U. S. Steel Corporation declared its regular quarterly dividend of 1 1/4 per cent on the preferred stock. No action was taken on the common stock dividend.
Total earnings of the corporation for the third quarter of 1915 were \$38,710,644. The net income was \$30,045,791. The surplus for the quarter was \$18,037,241.

CHICAGO GRAIN
Chicago, Oct. 26.—Declines took place in the wheat market today on account of unresponsive cables and because of favorable weather in the northwest. Renewal of gossip that the Canadian duty was likely to be removed tended also to help the bulls. Besides messages were received that apparent lightness at Minneapolis was due only to the temporary holding back of cars so as to prevent congestion of terminal facilities. Prices which ranged 3/4@1/2 to 3/4 up with Dec. 101 to 101 1/2 and May at 103 to 103 1/2 were followed by a material setback all around.
An additional break followed reports that Germany might offer terms of peace, but buying for seaboard account rallied the market. The close was steady 3/4 to 1/2 cent lower with Dec. at 100 3/4 and May at 102 3/4@1/2.
Corn advanced when wheat showed a recovery. The close was steady at a net gain of 1/4@3/4 1/2 cent.
Corn eased off with wheat. Favorable weather more than offset strong cables. After opening unchanged to 1/4@3/4 lower, the market underwent a moderate general sag.
Traders in oats took their cue from the bearish action of other grain. However, the market

NEED A STOVE

Charitably inclined persons may perform a good deed by providing a heating stove for Mrs. Mary Mingus and family, of 1614 Highland avenue. Mrs. Mingus was left with five little children when her husband dropped dead some months ago. Three of them are under five years of age and the youngest is critically ill.

Crushed In Mine

Buried beneath a fall of slate in a coal mine near Cabin Creek, W. Va., Monday, Thomas Hanners, of Ashland, Ky., was crushed to death. Hanners has relatives in Portsmouth and they were notified of his tragic death Tuesday. Hanners was married less than a year ago. He was 23 years old.

Echo Of Accident

Joseph W. Mitchell was appointed in probate court Tuesday as administrator of the estate of the late Henry "Pops" "a colored" employee of R. L. Dawson, local contractor, who died October 7th, from the effects of injuries received in a fall off the roof of a building on the Seaton Trail.

No Short Term

The women campaign managers for Mrs. Ethel Cotton Schwartz, candidate for board of education, qualified as real politicians Tuesday when they attempted to have Mrs. Schwartz's name printed on the official ballot as the candidate for the short term, two years.

It was their understanding that E. C. Jackson was running as a short term candidate, and they wanted their candidate to run against one man instead of three.

After examining the law the board held that Dr. Jackson was a candidate for a four year term, the same as J. P. Pardon and Geo. D. Seander, and that Mrs. Schwartz was also. The members held that there was no short term in this election.

Morrow Flats Are Scene Of Exciting Blaze This Afternoon

What threatened to be a disastrous conflagration, imperiling the wholesale and manufacturing district on Front street below Court, was nipped in the bud this afternoon. Flames were discovered at 3:15 o'clock issuing from a four story brick building which is known as the Morrow Flat and which is owned by Walter Hanner, a local real estate dealer.

Mrs. Thomas Newman, who resides on the fourth floor of the building, discovered smoke in the upper halls and she quickly sounded an alarm. Mr. and Mrs. Thomas Benson, also residents on the fourth floor, were notified and they with Mrs. Newman succeeded in notifying every one in the building, the fire not being attended by any fatalities or serious accidents, despite the fact that fully ten families reside in the building.

A skylight fell shortly after the fire broke out and Chester Penix was caught in a shower of glass. His right hand was badly cut.

The fire had its origin on one of the upper rear floors. Before it was detected the flames had gained much headway and the upper floors were filled with smoke. Residents in the top floor ran quickly to the street, leaving all their household goods to be wiped out by the flames. They did not save a thing.

A general alarm was sounded at 3:20 as a disastrous fire was imminent and Fire Chief McQuat took no chances owing to the congested district.

In a comparatively short time three lines of hose were playing on the flames. Chief McQuat, who was ill today stated that the firemen in their work were handicapped by furniture being stored against doors on the upper floors. These rooms were not occupied. Chief McQuat directed that axes be used to cut through the doors.

A ladder was run from the ladder truck to the topmost cave of the building in front from which the water was played directly on the flames where they raged the fiercest, on the top floor. Time was saved by carrying the empty hose up the ladder, necessitating a little time, but the firemen were in the best position to fight the blaze when the water was turned on.

According to a story told by Mrs. Thomas Newman, she saw smoke coming from the kitchen of the quarters occupied by Mr. and Mrs. Thomas Benson. The alarm was turned in from Box 21 by Policeman Roy Moore.

The Morrow Flat was just recently replastered and remodeled throughout.

Carry Sick Woman Through Smoke

Mrs. Lizzie Baker, who had quarters on the third floor, has been ill and it was with great difficulty that she was carried safely through the smoke-filled halls. No attempt was made to save her personal effects and furniture, which were damaged considerably by smoke and water.

Building Was Water-soaked

All four floors of the narrow brick building, a landmark of the First ward were water-soaked within a short time after the firemen arrived upon the scene as a great volume of water was poured on the flames. The firemen working heroically to save the adjoining buildings and to prevent the flames from communicating to the Front street plant of the Irving Drew Shoe Company.

Mr. and Mrs. James Parish, who resided on one of the upper floors, succeeded in getting out safely and saved some of their furniture.

Water-soaked furniture from the flats located on the second floor of the building was carried

into the vacant lot in the rear of the building, several volunteers assisting.

The building is probably the largest tenement house in the city, the families occupying it being huddled together on the four floors. Had the fire broken out during the night it would probably have been attended by more serious results.

Drew Plant Imperiled

At the outset it was feared that the flames would engulf the branch plant of the Irving Drew company, but the firemen, augmented by a force of men from the factory, prevented a spread of the blaze in that direction. Superintendent William E. Clayton had a force of men from the start on the roof of the factory building, manning the company's hose, and the roof was saturated. Mr. Clayton stated after the fire that the company's loss would be slight, all due to water, which soaked through the ceilings to the floors below. Most of the perishable stock had been moved, however, before the water dripped through.

The factory was emptied of its employees without any disorder, and not a single injury was reported. The skylight of the Drew building was broken from the force of the water from the fire hose, allowing the water to pour into the top floor, where the greatest damage was wrought.

Change In Plans

To Save Pennies

The school children of this city, beginning Wednesday, October 27, will be asked to save their pennies.

By way of encouragement to this end, they are privileged to buy one cent stamps and these are placed on cards. When the card contains ten it is taken to the local Savings and Loan company and the school child starts a savings account. The plan has worked out very satisfactorily in many schools in the state and was recently endorsed by the local school board. It is designed to inculcate a spirit of economy in each child.

To Have Perpetually Wavy, Curling Hair

Perpetually wavy, curling hair is now within the grasp of every woman to possess. All one need do is to use a few ounces of plain, bland, stimulating hair dressing. This is remarkably effective in producing a beautiful, wavy, curling hair which bears no evidence of artificial making. It is neither sticky or greasy and it will not streak, scale or injure hair or scalp in the least. After one trial, the wavy, curling hair dressing will be a permanent friend. It is a real beauty secret. It is a real beauty secret. It is a real beauty secret.

Officer Roy Moore secured a motorcycle and started in pursuit of a man answering a description of the thief, but he escaped on an N. & W. freight train. Returning to the vicinity of the store, he made a search of the alleys and found the sample case concealed behind some crates at the rear of D. A. Alspaugh's furniture store.

A WOMAN DOCTOR

Says, "Eugenics is a necessary factor in the future of the race. The average American girl is unfit for motherhood." This may be true, but if weak and ailing girls passing from girlhood to womanhood would only rely as thousands do, upon Lydia E. Pinkham's Vegetable Compound—that simple remedy made from roots and herbs—to restore the system to a normal healthy condition, it would cause many ills from which they suffer to disappear, so that motherhood might become the joy of their lives.

May Get Married

Upon a warrant from Judge Beatty's court, Sheriff Smith Monday afternoon arrested Chester Lucas, a steel worker, of New Boston, on a charge of contributing to the delinquency of Irene Parker, a sixteen-year-old girl of Mum's Run. The girl was also arrested on a charge of delinquency. Both are lodged in the county jail.

It was rumored about the court house Tuesday afternoon that the couple contemplated marriage as a solution of their difficulties.

OBITUARY

Lester Bagby

Died Tuesday morning at his home in Atlanta, Ga. Lester Bagby, son of Willis and Laura A. Bagby, after a lingering illness of tuberculosis. Many friends will remember happy, handsome Lester Bagby, both in Portsmouth and Kentucky. He was young and unmarried, possessed of fine social qualities and endeared himself to a host of friends. His mother was formerly Miss Laura Munn, daughter of Dr. Munn, and was reared in Portsmouth. Besides his father and mother, deceased leaves three brothers and two sisters, the brothers being Willis Bagby, Jr., of Scranton, Pa., Matthew, of Williamson, W. Va., and Myers, of Chattanooga, Tenn. The sisters are Mrs. C. H. Harris of Chattanooga and Mrs. John Hancecock of Charleston, W. Va. Mrs. Julia Musser of 1024 Gallia street, is his aunt, his mother's sister. God give rest and God takest away, and may his grief-stricken loved ones in this hour of their bereavement be ready to say, "Blessed is the name of the Lord," and feel that "God doeth all things well," and that there will be no more parting in that happy home where our loved one is gone. The Bagbys were influential members of the Christian church in Portsmouth, and deceased was active in Sunday

Mrs. Mary Wiechens-Baron

As a devoted choice to relatives and her many friends in Portsmouth came the news of the sudden death at Tampa, Florida, Monday evening of Mrs. Mary Wiechens-Baron, aged 53 years, wife of John Baron, well known retired hardware merchant formerly of this city.

Mrs. Baron had been suffering from the effects of a growth for some time past but when last heard from two weeks ago her condition was regarded as satisfactory. She and husband, who is the owner of extensive business properties on Chillicothe street between Third and Fourth streets and has other interests here, had been living in retirement in Tampa for the past four years. She also leaves an only daughter, Mary, aged 18 years.

Mrs. Wiechens was the oldest daughter of the late Henry Wiechens, Sr., and sister of the late Theodore Wiechens, popular cigar manufacturer. She was born in Ripley, Brown county, O., and was married to Mr. Baron 24 years ago. She was a devout Catholic and until her removal to Florida she was a prominent member of St. Mary's church and the Married Ladies society of that parish. She is survived by her aged and widowed mother, Mrs. W. Wiechens, two sisters, Misses Emma and Minnie Wiechens at home and an only brother, Druggist Henry Wiggins, who will go to Cincinnati to meet the remains, which are expected to arrive here Thursday noon. They will be taken to her former home at 1248 Kinney Lane, and the funeral will take place from St. Mary's church probably Friday morning.

Dr. F. W. Brammer

A pall of gloom was spread over the entire city Sunday by the announcement of the death of Dr. F. W. Brammer, one of Ironton's foremost citizens, at 6:30 o'clock Sunday morning. His condition had been critical for some time, and while the relatives and friends were, in a measure, prepared for the announcement, yet it came as a terrible shock to all.—Irontonian.

Frank Ray Peyton

Frank Ray Peyton, born at Manchester 52 years ago, died at the home of W. W. Thomas on York street, Cincinnati, and was buried from his mother's home at Manchester at one o'clock Monday. For a number of years he was active in Tenth district politics.

Miss Lucy Waddle

Miss Lucy Waddle, aged 95, died at the home of Mr. and Mrs. Alexander Renick, in Chillicothe, Monday noon. Mrs. Renick is a niece of Miss Waddle and Miss Waddle had made her home with

her for many years. She was a member of one of the oldest families of Chillicothe and had many friends among the older residents of southern Ohio.

William Rosser, Sr.

William Rosser, Sr., a retired shoe merchant of Marietta, Ohio, who was the oldest member of the Improved Order of Red Men in Ohio, and second oldest Odd Fellow in this state, died at the home of his daughter in Camden, N. J., today. He was a member of the Odd Fellows for 66 years, having been a charter member of the Marietta lodge.

Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony, troubles, woes, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise, care The Daily Times, Portsmouth, O. Office Phone 60.

Dear Miss Wise—Please give me information in regards to entertaining a "Children's Halloween Party". Games, decorations and refreshments.

SCOTCH TRAIL

The usual Halloween games that are indulged in by grown-ups will also do for children. Bobbing for apples is great fun. Use tin tubs filled with water. Then drop a number of apples. These you will find will float. The object is to catch an apple between the teeth, each one being given three trials. The one catching the most apples should receive an appropriate prize, say a large apple filled with candy. Use separate tubs for the boys, as it would be unfair to use the same tub the girls do because a boy will often put his head almost to the bottom in quest of an apple, whereas a girl cannot duck every far without getting her entire head wet. Then you can have apples swinging from the chandeliers and have the kiddies try to take a bite—prizes usually given to the lucky ones. For grown-ups the young people can peel apples and throwing the entire peeling on the floor, see what initial it makes—this indicating the happy future. Another popular game is blowing out the candle. A prize is offered to anyone who can blow out a candle at the first attempt when blindfolded. The person is blindfolded, turned and twisted and finally led within arm's length of the lighted candle and told to blow. Then there is pinning the tail on the donkey, a game with which many of us are familiar and one sure to be enjoyed. Another game which is very confusing is "hands". In this all girls stand behind a sheet or cover of some kind and thrust their hands through. The boys are led up one by one in front of

the sheet and told to guess to whom each pair of hands belongs. After all the boys have had a chance they stand behind the sheet and it is the girls' turn to do the guessing. To the one making the largest number of correct guesses goes the prize. It is very hard to recognize hands when they are so placed. Extra confusion may be added by having the tall girls stoop and the short ones stand on a stool so that their hands will come out in places quite different from where expected.

A very enjoyable sort of entertainment is to have a costume party. Send invitations bearing inscriptions something like this: "Sister (or brother) haste to the 'Witches' Revel, Halloween night, to be held in the hut of Witch So and So, Street Such and Such! Only witches will be admitted." Light the house with red shaded lamps, let the decorations be brooms and black cats. For refreshments serve pumpkin pie and coffee or doughnuts and coffee. Decorate also with autumn leaves, pumpkins and stalks of corn. To these may be added yellow and black paper decorations. All kinds of Halloween novelties can be purchased at any of the local book stores.

P. S.—The above are all the Halloween games I know of, so those who intend to give a party had better clip them out. They will not be published a second time.

Dear Miss Wise—How is orris root used on the hair? I heard it was good for the scalp.

MADGE

Orris root is used as a dry shampoo. It is sprinkled generously through the hair, then brushed out. I cannot recommend the dry shampoo as a regular thing, as it has a tendency to clog the pores in the scalp, which is bad for the hair.

SOCIETY

Mr. and Mrs. David Mitchell recently entertained the members of a congenial little crowd, who, previous to their marriage enjoyed many delightful events. They are Mr. and Mrs. Mitchell (Emma Edwards).

Mr. and Mrs. Arthur Horst (Maude Anderson), Mr. and Mrs. J. Frost Davis (Ruth Ferguson), Mr. and Mrs. John Brughart (Grace Wendelken), Mr. and Mrs. William Hamilton (Alma Hitchcock) and Mrs. C. R. Salmons (Madge Love), of Buffalo, N. Y., formerly of Huntington. All were present with the exception of Mr. Davis, who is out of the city, and Mr. and Mrs. Hamilton. Dr. Salmons was also a guest. The evening was spent in music and dancing. The music from a new pianola at the Mitchell home consisted of the late popular airs, and these young people had one grand time dancing, which ended with an elegant lunch, all in honor of Dr. and Mrs. Salmons, who are visiting at the home of Mr. and Mrs. W. G. Williams.

The Merry Twelve Club will be entertained Thursday afternoon at the home of Mrs. William Nagelosen, on Eighth street.

Mr. and Mrs. Charles Hauck, Mr. Carl Hauck and Miss Tillie Conners motored to Columbus Sunday in the Hauck car.

The Second Street Whist Club was entertained this afternoon at the home of Mrs. T. P. Haldeman. Mesdames Henry T. Bannan, John Peckles and George Osborn played in the places of the absent ones.

Mrs. William H. Burt will entertain a few friends at auction bridge Wednesday afternoon at her home on Fourth street.

The Central Presbyterian Kensington Circle will be entertained Thursday afternoon at the home of Mrs. Charles Hauck, on Offner street.

The St. Mary Magdalene Guild of All Saints church held a sewing meeting this afternoon at the home of Mrs. E. Ainger Powell and made dainty aprons for a Christmas sale.

The Woman's Missionary Society of the First Presbyterian church will meet Tuesday afternoon, at two o'clock, at the home of Mrs. J. H. Pantney, corner of Seventeenth street and Grandview avenue.

Mr. and Mrs. John Henning, of New Boston, will entertain at noon dinner Wednesday Mrs. John Sou-

thern.

Miss Laura Braundlin, of Portsmouth, who is now a special teacher of German and music in the New London High school, spent several days in Cleveland last week, where she attended the convention of the Northeastern Ohio Teachers' Association. While in Cleveland Miss Braundlin stayed at the home of Miss Mattie Holcek, her former roommate at Ohio State University.

The Misses Minnie and Anna Lang, of Wheelersburg, entertained about seventy of their friends with progressive euchre and dancing Saturday evening. The prizes at euchre were won by Miss Emma Hahbert, of Portsmouth, and Mr. Otto Zollner, of Dogwood Ridge. Dear Miss Wise—Do you not think it very impolite for a gentleman to smoke cigarettes on the street with a lady, not only on the street, but when in her presence? MAYME.

I certainly do think it is very impolite and inconsiderate, in spite of the fact that many men do it. The gentleman of whom you speak should at least ask permission, and you should not hesitate to deny him the privilege, if cigarette smoking is objectionable to you.

An Old Family Cough Remedy, Home-Made

Easy Prepared—Cure Very Little but is Prompt, Sure and Effective

By making this pint of old-time cough syrup at home you not only save about 50¢ as compared with the ready-made kind, but you will also have a much more prompt and positive remedy in every way. It overcomes the usual cough, throat and chest colds in 24 hours—relieves even whooping cough quickly—and is excellent, too, for bronchitis, bronchial asthma, hoarseness and spasmodic croup.

Get from any drug store 2½ ounces of Pinex (50 cents worth), pour it into a pint bottle and fill the bottle with plain water. Add one-half ounce of sugar syrup. Put directions on label. Keeps perfectly and tastes good.

You can feel this taste hold of a cough or cold in a way that means business. It quickly loosens the dry, hard, painful cough and heals the inflamed membranes. It also has a remarkable effect in overcoming the persistent loose cough or stopping the formation of phlegm in the throat and bronchial tubes.

The effect of Pinex on the membranes is known by almost every one. Pinex is a most valuable concentrated compound of genuine Norway pine extract combined with guaiac and other natural healing pine elements.

There are many worthless imitations of this famous mixture. To avoid disappointment, ask your druggist for "Pinex," and do not accept any thing else.

A guarantee of absolute satisfaction, or money promptly refunded, goes with the preparation. The Pinex Co., St. Wayne, Ind.

Fleas Have Closed School

Various causes have contributed to the closing down of public schools, but it remained for Paul E. Cromer, a district superintendent, to advance a new one at Judge Beatty's office Tuesday morning. He said that a school on

Back Run had closed down because two of the pupils, members of the same family, were infested with "fleas." Parents of the other children claimed that their children had also become infested with the pests, and refused

to send them any longer unless some steps were made to rid the original two of their present condition. That was the situation when Mr. Cromer sought Judge Beatty's advice. The judge referred him to other authority.

Kidney and Bladder Trouble Causes Great Distress

It gives me great pleasure to recommend Dr. Kilmor's Swamp-Root to any one suffering from bladder trouble. For four years I was troubled by hemorrhages from the bladder and was not able to get any doctor who could help me. I was in such shape that sleep at night was impossible on account of distressing symptoms. While attending a friend I could be stricken with such a pain that it was impossible for me to straighten up. Mr. Henry, one of our leading druggists, advised Dr. Kilmor's Swamp-Root; although I never had any faith in patent medicines, as a last resort I purchased a dollar bottle of Swamp-Root. I noticed a decided change after using two bottles I was completely cured. It seemed remarkable that I should be cured so quickly after being ill so long. But since this took place nearly two years ago, I have never been troubled and would highly advise any one suffering from the same trouble to at least give Swamp-Root a trial and I think the results will be the same as mine.

Yours very truly,
THOMAS A. BENNETT,
Greensburg, Indiana.

Personally appeared before me this 11th day of February, 1915, Mr. T. A. Bennett who subscribed the above statement and made oath that the same is true in substance and in fact.

Answer Filed

Sadie C. Gibs, defendant in an action for \$48 damages filed in common pleas court recently by Frank Coles, filed her answer Tuesday morning, through her attorneys, Milner, Miller and Seale. The plaintiff alleges unlawful possession of a strip of property in this city.

In her answer the defendant avers that in November, 1897, she purchased a piece of property just west of the J. I. Marsh property, and that some time thereafter J. I. Marsh erected a stable on a portion of her lot, neither knowing that he had encroached upon it. She says that when she learned that the stable was on her lot, she claimed possession. She offers, however, to confess judgment in the sum of \$2.

Police Court Case Is Fully Explained

In one of his addresses, N. B. Gilliland, speaking for the Republican candidate for mayor, sought to prejudice Mayor Frick in the minds of the people by saying of the people by saying that he had railroaded women to jail, having reference to certain cases that grew out of the shoe strike.

The facts in the case alluded to are these and they cannot be contradicted: Certain persons were arrested on April 14, 1914, upon complaint of having been guilty of disorderly conduct, eight of whom were women, and 19 of whom were men. On April 15 the accused appeared in police court, accompanied by their attorney, who was Mr. N. B. Gilliland. He waived preliminary hearing in each case and requested the mayor to bind his clients over to the grand jury. The mayor submitted, and said he would accept personal recognizances or bonds. Personal bonds, self-recognizances, were prepared. Mr. Gilliland's clients thereupon refused to come in to his pleadings to sign these bonds and secure their liberty. Mr. Gilliland urged his clients to sign, telling them that they would have to do so or go to jail, that he was representing them and they should do as he desired.

The mayor refused to act at once and commit the parties to jail. Instead he told them to go away and endeavor to arrange their differences, returning at one o'clock and letting him know of their decision.

They came back at 1 o'clock, still unwilling to do as their attorney wanted, sign the bonds. The mayor still refused to send them to jail, asking them to think it over and come back at 6 o'clock. They came back at 6 o'clock and said that they preferred to go to jail. The mayor again urged them to sign the bonds, telling

them he hesitated to send them to jail, that he felt they did not want to be locked-up, yet he had no other alternative if they persisted. He told them that if they were acting under the belief that their going to jail would bring sympathy and aid their cause, he felt that they were mistaken, and that they would later feel as he did, very sorry if they did not do that which would keep them from going to jail. Upon further refusal to sign, the defendants marched out to jail.

The father of one of the men came to the mayor shortly afterwards and inquired as to how he could get his son out. The case was explained to him and he then signed a recognizance bond and the son was ordered released. Then came Gilliland asking how he could get the others out. The mayor told him he knew that all that was necessary was to get them to sign the recognizance bonds. He rushed over to the jail, got the bonds signed and all were immediately released. So far as the mayor knows, the defendants appreciated the courtesy with which they were treated and the advice which he gave them.

The mayor was not given an opportunity to hear the evidence upon which the defendants were brought into court, nor to pass upon the merits of the case, owing to the action taken by Attorney Gilliland in asking that all defendants be bound over. The condition upon which bonds became necessary were brought about by Mr. Gilliland. The mayor had issued warrants upon affidavits of responsible citizens. He stood ready to hear the cases upon their merits, and he would not have required bonds pending final decision. If the defendants had shown, or if any of them had shown their arrest was without foundation, such persons would have been dismissed. If they had been shown by the evidence to have been guilty, the mayor, of course, would have passed judgment upon them, as required by law. But he got no chance, thanks to Mr. Gilliland's motion, to hear the cases.

Ask these employees why they no longer employed Mr. Gilliland or why they immediately engaged another as counsel.

To Put On Flesh And Increase Weight

Most people eat from four to six pounds of good solid fat-making food every day and still do not increase in weight one ounce, while on the other hand many of the plump, chunky folks eat very lightly and keep gaining all the time. It's all a matter of the individual. It isn't Nature's way at all.

Most thin people stay thin because their powers of assimilation are defective. They absorb just enough of the food they eat to maintain life and a semblance of health and strength. Stuffing won't help them. A dozen meals a day won't make them gain a single "stay there" pound. All the fat-producing elements of their food just stay there in the intestines until they pass from the body as waste. What such people need is something that will prepare their blood to absorb them and deposit them all about the body—something, too, that will multiply their red blood corpuscles and increase their blood's carrying power.

For such a condition it is well to recommend eating a Sargol tablet with every meal. Sargol is not, as some believe, a patented drug, but is simply a careful combination of six of the most effective and powerful assimilative and flesh building elements known to chemistry. It is absolutely harmless, yet has been wonderfully effective and a single tablet eaten with each meal often according to reports of users, has the effect of increasing the weight of a thin man or woman from three to five pounds a week. Sargol is sold by The Fisher & Strick Pharmacy and other good druggists everywhere on a positive guarantee of weight increase or money back.

True Secret of Keeping Youthful Looking

(The Beauty Seeker.)

"The real secret of keeping young-looking and beautiful," says a well-known hygienist, "is to keep the liver and bowels normally active. Without these organs, poisonous waste products remain in the system, polluting the blood and lodging in various organs, tissues, joints. One becomes flabby, obese, nervous, mentally sluggish, dull-eyed, wrinkled and sorrowful of face."

"But to get liver and bowels working as they ought, without producing evil after-effects, has been the problem. Fortunately, there is a prescription of unquestioned merit, which may now be had in convenient tablet form. Its value is due largely to an ingredient derived from the humble May apple, or its root, which has been called 'resolvent' because of its effectiveness—though of course it is not to be classed with the usual cathartic, which tends to injure the delicate mechanism of the bowels. Its action is not followed by weakness or exhaustion. On the contrary, these harmless vegetable tablets tend to impart tone and elasticity to the relaxed intestinal wall. Senescent tablets, which may be procured from any druggist—dine's worth will do—will prove a revelation to any constipated, liver-troubled person."

Chief Cause of Pimples, Blisters, Sallow Skin

(Messenger of Health.)

Thoroughly eruptions, pimples, boils, blotches, sallow or muddy skin, usually are due to a sluggish liver, a constipated bowels and a polluted blood stream as a consequence. How foolish in such cases to resort to outward applications, which can never have radical, permanent results. If more people only knew it, there is a very simple remedy, to be found in the 'Senescent Tablets' by the 'dine's' formula. Long recognized by the medical profession, which has been put in tablet form, and at such small cost so one need never be deprived of its wonderful effects.

"Senescent tablets"—that's the name—are simply vegetable and there's no habit-forming ingredient. You need not get out of a dime's worth, and swallow hard—just realize there's nothing else but to go for the purpose. The action in the morning is early, so you're awake and feeling refreshed and invigorated. Senescent tablets are not alone the finest remedy known for constipation and torpid liver, but offer the surest, most effective, permanent relief of the character mentioned.

Great Demand for New Constipation Remedy

They say that the advent of the "senescent tablet" has resulted in an extraordinary demand for this remarkable product. It seems that the "senescent tablet" is being used by thousands of people who were quick to recognize its value as a remedy for constipation and torpid liver.

Senescent tablets, aside from their efficacy, double in their success largely to a tendency to act in bringing about natural functioning—thus, instead of injuring the membrane lining of the organs involved, they exert a healing influence. Instead of weakening, they add tone to the intestinal wall. And they remove the cause of constipation, instead of merely relieving the symptoms. Senescent tablets are not alone the finest remedy known for constipation and torpid liver, but offer the surest, most effective, permanent relief of the character mentioned.

SIMPLE REMEDY FOR CATARRH

Just Breathe Hyomei Four Times a Day and Be Relieved

If a few years ago some one had said you could treat catarrh by breathing air charged with a healing liquid, the idea would have been ridiculed and it regarded for that eminent investigator, Dr. Hyomei, to discover in Hyomei this wonderful method of treatment.

Hyomei has performed almost miraculous results in treating catarrh, and is today recognized by thousands of people as the only advertised remedy for catarrh that can be relied upon to do just what it claims. The complete outfit of Hyomei is inexpensive and consists of a bottle, a medicine dropper and a bottle of Hyomei.

Breathe the air of Hyomei through the medicine dropper four times a day and it will help the worst case of catarrh, cure and heal the mucous membrane of the air passages, prevent irritation, and restore complete and lasting relief.

In Portsmouth there are scores of well known people who have been relieved of catarrh by Hyomei. If it does not help you, Hyomei will return the money you paid for Hyomei. This is the strongest evidence that can be offered as to the faith in this remedy.

Grand Opera Artists Here Thursday Night

Thursday evening, October 28, the Grand Opera Artists, will be the attraction at the high school auditorium as the opening number on the Portsmouth High School lecture course of nine numbers furnished by the Coit Lyceum Bureau of Cleveland.

The Grand Opera Artists have never before been in Portsmouth. Miss Carr Sappin, contralto, Rafael Diaz, tenor, Beatrice Holbrook, pianist, and Louis Bessner, violinist, are the artists well known on the Chautauque platforms. Miss Sappin's singing ability was discovered by Oscar Hammerstein, the famous impresario.

Diaz, despite his name, is a born American. He has risen to popular favor more quickly than perhaps any singer in history. He was discovered by Mr. Hammerstein and has sung in the Manhattan Opera Company of New York and the Boston Opera Company.

Miss Holbrook studied with the famous Heinrich Gebhard for eleven years. Though young she is recognized as one of the most brilliant pianists on the platform.

Mr. Bessner at any time possessed four scholarships at the New England Conservatory.

Says Husband Was A Poor Provider

In her divorce petition, filed Tuesday morning by her attorney, F. W. Meadon, Ethel Smith Anderson, wife of Arnold Anderson, an N. & W. machinist apprentice, claims that her husband has not bought her a new dress, a new hat, or a new pair of shoes since the date of their marriage, May 4, 1914. She also charges him with failure to provide for herself and their infant child.

Extreme cruelty is also alleged in the petition, the wife alleging that he choked, cursed and beat her, and often drove her out of her room in her night clothes. She further accuses him of running around with other women, staying out late at nights, and accusing her of improper conduct, falsely.

She asks for divorce, temporary alimony to be made permanent upon the hearing of the suit, and custody of the child.

BAT WANTS TO FIGHT WELSH

Battling Nelson is still awaiting word from Harry Pollock in reply to his \$10,000 offer to Freddie Welsh for a finish fight. Nelson claims that El Paso promoters have offered a \$15,000 purse for a Nelson-Welsh bout, all of which, with the exception of \$1,000 for training expenses, Welsh can have if he wins, this being in addition to the \$10,000 offered by the Battler. Nelson is already doing light work. Since his arrival in San Francisco he has taken off a pound, cutting his weight to 137. It would be easy for him to get down to 133, but in the event that Welsh accepts his offer, he does not anticipate that the Englishman will ask for that weight. As a matter of fact, Bat would be willing to permit him to come in at catch-weights.

ORDERLY TOWN

The local police officials have so much faith in Portsmouth citizens not resorting to acts of rowdiness Halloween night, that they do not deem it necessary to issue any proclamations or warnings on that score, as is done in surrounding cities and towns.

DR. GILL'S STRANGE EXPERIENCE

Dr. Joseph Gill, veterinary surgeon, for a time wondered if he had suddenly become color blind or gone wrong in his upper story, after a strange experience he had Saturday night. He was called to the country, and while administering to a sick horse the animal bumped against him, breaking a thermometer he carried in a side coat pocket. He thought nothing particular about it, knowing that he was well supplied with similar thermometers at home. Two hours later a friend asked him the time, reaching into his pocket, he pulled out what appeared to be a silver watch. The sight of it astonished him. Then it dawned upon him that the mercury from the broken thermometer had caused the transformation of his solid gold in a side coat pocket. He thought time-piece.

Denies He Took Part In Murderous Assault

Pump Commodore, the negro who was cut during a fight with Percy Brown a week ago, vigorously denies that he was mixed up in the robbery and murderous assault of a steam shovel man near Paris, Ky., several years ago. He claimed that he lived in Louisville, Ky., all of his lifetime, and had never been at or near Paris. The negro was created by the police Saturday evening in an effort to write a confession from him, but stuck to his story.

Is Bitten By A Dog

A complaint received by Mayor about a young man named Kink having been bitten by a dog as he was entering the yard of the Smith family home on Washington street, near Tenth, asking that the dog be killed, has been referred to Dr. W. W. Smith, city health officer, for investigation.

Homer Durand, one of the most popular wet speakers ever heard in Portsmouth, will deliver a wet speech in Ironton this evening.

WILL PRACTICE ALL WEEK

Disheartened over the poor showing they made last Saturday against Jackson high school's eleven, the Red and Blue pigskin warriors are going through grilling practices every afternoon this week.

Coach Hart was not at all pleased with the showing made and is driving the players hard. The team will be whipped into splendid form by the time P. H. S. takes the field against Gallipolis at Millbrook next Saturday. Portsmouth won its first game of the season from Gallipolis by a score of 26 to 0.

Winchester Won Series

Local players figured prominently in the game at Hillsboro Sunday between the old-time rivals, Hillsboro and Winchester, which was won by Winchester, 2 to 0. "Chuck" McDaniels, of this city, caught the elusive slants of Black, the former Huntington pitcher, who twirled for Winchester; Earl Smith and Austin McHenry were also in the lineup. McHenry stole a base, while Earl Smith figured in the double play from the outfield. It was the deciding game of a tree game series, won by Winchester.

SCORED ON BY ONE TEAM

P. H. S. has only scored 33 points, while their opponents on the grid-iron have scored twice as many, the credit going to one team, Wellston, who piled up a 66 to 0 score against Portsmouth.

The Wellston game was the only time in the four games that the P. H. S. goal has been crossed. Portsmouth beat Gallipolis 26 to 0 and Jackson 7 to 0. Prandel, Nutter and Shoemaker have each scored a touchdown, while Wilson has scored two and kicked three goals.

New York, Oct. 26.—Willie Ritchie, the light weight champion of this city, who is regarded as one of the formidable contenders for the light weight title, will box ten rounds here tonight.

QUAKERS BEATEN

The McDermott baseball team easily trimmed the Portsmouth Quakers at McDermott, Sunday, by the one-sided score of 20 to 8.

Drug Prices Soar

Local druggists report a big rise in the price of certain drugs, caused by the small importation since the European war broke out. Quinine was quoted at \$2.75 an ounce in New York, Monday, while great difficulty is being experienced in securing asparin in any quantity. Some of the wholesale drug firms have taken it off the list entirely. Phenacetin is another drug that is hard to obtain at this time.

The Irving Drew company has added ten more cutters to its regular force which now numbers twenty-seven men. The big shoe plant is busy in all departments.

ADDRESS OF FRONT STREET GIRL WAS FOUND IN BOTTLE

Gns Gengenbacher, while boating near the government dam Ender, found a bottle lodged in a pile of drift, and inside of the flask was a note which read as follows: "My name is Nellie Jones. I live at 213 Front street, Portsmouth, Ohio. My complexion is light; my hair is dark; my eyes are brown. My height is 5 ft. 2 inches. My age is 19. Please answer."

Lives Endangered By Maddened Cow

A dispatch to the Cincinnati Enquirer from Lawrenceburg, Ky., tells of a thrilling experience relatives of J. C. Searey, former mayor of Portsmouth, had Sunday. Bert Searey, a brother of the ex-mayor, and prominent farmer, his wife and their four-year-old daughter were attacked by a maddened cow while near Lawrenceburg, and all were seriously injured. Prompt assistance of neighbors saved their lives.

"Millionaire" Must Remain At Works

R. F. Smith, the "fake millionaire contractor" who operated here recently, is pleading for his release from the Cincinnati workhouse.

Smith promises if given his liberty to refrain from intoxicants and go right to work and pay back the three dollars he borrowed from the mayor's collection, Dr. Carl Braunlin. The mayor advises Smith that his offense of forcing business and professional men out of their honest earnings will not justify his release.

Selby Shoe Co. Opens Fitting Room In Old Excelsior Building

The Selby Shoe company has established an additional fitting room on the fourth floor of the old Excelsior building on Gallia street. Machinery was moved into it Saturday afternoon and evening and the fitting room was placed in operation Monday.

Eventually the finishing room will be located in the alley building of the old Excelsior plant, it was stated Monday. Also the shipping room is to be located in this building, these changes being made in order that the output of the plant may be increased any time that business justifies expansion.

"The shoe market is much better than it was and we believe that it will become stronger each week from now on, and we want to be in position to increase our output at almost a moment's notice," said a member of the Selby Shoe company, Monday.

George Westlake, who has been visiting at the home of Mr. and Mrs. William Meyer, of 2112 Eighteenth street, for the past two months, left today for his home in California, taking with him his eight-year-old daughter, Edith, who has made her home for the past seven years with the Meyer family.

Too Lazy

The police continue to receive complaints about big, able-bodied men too lazy to work, making a practice of touring alleys and rummaging through the contents of garbage boxes scattering the refuse in every direction.

Pedestrians were startled at the sight of a negro bolting from the stable at the rear of Smith & Lockbaum's grocery, corner of Ninth and Offshore streets, Monday evening and disappear down a nearby alley. Police were notified and Officer Robert Lauderback was detailed to keep a lookout for the fellow.

Damage Is Repaired

Charles F. Turner, the Waller street commission merchant, has repaired the damage to the interior of his building caused by the collapse of the north floor last week, and is once more doing business in the entire building. His loss was about \$1,000, a small portion of which was recovered through salvage.

Searching For Runaway Boys

The police received pictures and descriptions Monday of two more runaway boys, Howard Leslie Danner, aged 15 years, who disappeared from his home in Marion, O., and Aubrey Leyburn, aged 15, who disappeared from college at Liberty, Mo., and is thought to have come east.

John Artis Is Released

John W. Artis, who was sent to the county jail from the court of Squire McMane, in New Boston, a few days ago, on a charge of failure to provide, has been released on \$500 bond.

WELL KNOWN EDITOR SPEAKS HERE TONIGHT

To aid in its campaign against state-wide prohibition in Scioto county this fall, the Labor Home Rule League is bringing to this city this evening Max Hayes, editor of the Cleveland Citizen, who will speak at Distel's Hall, corner of Seventh and Chillicothe streets, on the subject, "The Economic Question."

Mr. Hayes ranks high in the councils of organized labor in Ohio, being the oldest labor editor in the state. His paper, the Cleveland Citizen, is an official organ of the organized labor interests in the state. Mr. Hayes will be introduced by a prominent member of the Central Labor Council of this city.

Married One Day; Arrested The Next

William Dixon, the colored prison-brother of last Saturday evening, came to grief the second day after his wedding day. After his release Saturday evening, Sheriff Smith learned that Dixon had carried a letter out of the county jail to mail. This is a flagrant violation of the law, and Sheriff Smith left for

the Curtis-Ward Company's construction camp near Sciotoville, where Dixon is employed, Monday afternoon, and placed him under arrest. He is now a prisoner at the county jail. Dixon is the negro who was shot last week during a scuffle with his paramour, Nancy Douglass, whom he married Saturday evening.

EXPERIENCE OF A MAN UP A TELEGRAPH POLE

E. L. Woods is a Portsmouth employee of the Central Union Telephone and Telegraph Co., in the capacity of lineman. The following which is related by Mr. Woods will be of interest to many. "Some one suggested that I try the famous Tanlac, and I did so. And right now I want to put my O. K. on this great remedy. Stomach trouble had gotten such a hold on me that I would have such dizzy spells, even while at the top of the highest poles, that I could not see the holes in the cross-arms. As any lineman knows this is rather a precarious condition to be in. Tanlac has relieved me of these dizzy spells, and has put me in the right shape. I had also been troubled with catarrh of the throat, which has disappeared. Tanlac is a wonder. The work done by the linemen is full of risks and requires better nerve and more endurance than the average vocation. In every line of work that requires either a clear head or physical endurance, similarly enthusiastic statements as the one above, are being made by thousands, regarding the "Master Medicine."

To those who are in a rundown, debilitated condition, have constant stomach derangement, liver, kidney and intestinal troubles, Tanlac has proven to be a wonder-worker. By cleansing the blood of impurities it gives excellent results in instances of catarrh of the mucous membranes and rheumatic affections.

Tanlac is aptly called the "Master Medicine" and is sold in Portsmouth by the Fisher & Streich Pharmacy, corner Sixth and Chillicothe Sts., where representatives are meeting large crowds daily and courteously explaining Tanlac.

Mrs. Hayes Shultz of Rhodes avenue, is confined to her home with a slight illness.

neers R. A. Chapman and G. D. Prince had a "break-in-two" east of Canterbury, W. Va., Monday. A knuckle broke causing the emergency brakes to go on. The sudden stop caused a car to break in two and another to leave the track.

The N. & W. distributed \$1,720,000 among the employees on the Shenandoah, Norfolk and Radford divisions last Saturday. It was the largest pay roll in the history of the road for these divisions.

J. J. Meadows, 25, N. & W. fireman living at Pullerton, was injured at Rarden, O., Monday evening. Meadows was on train 72 and had started to light the headlight when his foot slipped. The torch he was holding burned his face and his mouth was bruised in the fall. C. J. Pyles was the engineer in charge of the train.

The N. & W. night telegraph station at Webb, W. Va., has been closed.

N. & W. extra 1025-1051 in charge of Conductor L. T. Smith and Engineers E. S. Chapman and G. D. Prince was delayed one mile east of Breeden, W. Va., Monday. The engines parted, causing the air to go on in emergency, one car being broken up. The train was making 10 miles per hour.

C. I. Cheyney, N. & W. chief clerk, spent Monday in Columbus on business.

A young lad was arrested at Chillicothe, Monday, for placing a railroad spike on a rail. N. & W. Special Officer Bob Reno made a trip to Chillicothe Monday afternoon.

CHOLERA DISCOVERED
Pittsburgh, Pa., Oct. 26.—Federal inspectors here have discovered the presence of cholera in shipments of hogs from Madison, Clark, Fayette, Preble and Huron counties, Ohio, and from Wayne county, Ind., and have ordered that all such hogs be killed under inspection.

COFFEE CLAIMS ITS
Victims By Hundreds
Prominent Nerve Specialist Says
Coffee Drinking Has Produced
A New Disease—Chronic
Caffeinism

"There is a distinct type of cases," says Dr. Wm. M. Leszynsky, consulting neurologist to the Manhattan Eye and Ear Hospital, "frequent among the poorer class of people, but by no means confined to them, of functional nervous disorder (caused by coffee drinking), to which the elastic term 'neurasthenia' or 'chronic caffeinism' in its broadest significance may be aptly applied."

"In cases of neurasthenia, inquire into coffee drinking," adds Dr. Otto Juettner.

"I have seen hundreds of victims of this disease," continues Dr. Leszynsky, "among commercial travelers, brokers, merchants, actors, writers, and men connected with the news department of the daily papers."

"They usually complain of the following symptoms, which are more or less pronounced: General headache and nervousness, apprehension in regard to some unknown impending trouble, mental depression and irritability, insomnia or restless sleep, bad dreams and sudden starting in sleep, awakening in profuse perspiration, general tremulousness and diminished muscular power, cardiac palpitations, loss of appetite, and constipation."

NOTE.—It is a fact worthy of note that the American food-drink—Instant Postum—has come widely into popular use and favor with the recognition of the harmfulness of coffee. Postum has a flavor resembling Old Java, but is entirely free from caffeine or any other harmful ingredient.

Huntington, Oct. 26.—The county authorities at Catsburg received yesterday a photograph of the negro held at Mason, Ga., and supposed to have been "Blue Steel," wanted there for slaying Joseph Gibson. The negro is the wrong man, County Jailor DeBoard said. Both Alex Culloway and William Gibson, negroes held in jail for witnesses in the Gibson case, declared that the picture was not that of "Blue Steel."

Robbery
The police received a message from the Chillicothe authorities Tuesday asking them to keep a lookout for a tall man and a low, heavy set man, wanted there for robbing a store Monday night.

The lost consisted of 11 pairs of pants, 1 brown overcoat, 1 blue grey coat and 2 top coats. The robbers stripped off their old clothes, exchanging them for new suits and in one of the discarded coats was found the name of Lee White, of Ripley, O.

Home Rule Jottings

No. 9

Do not fail to hear Hon. F. E. J. Lloyd at Kendall's Hall, Wednesday evening at 7:30. Mr. Lloyd's speech of last year is remembered with pleasure by all who heard him.

No, gentle reader, we have not yet had an explanation from the Drys as to why they misrepresented the Home Rule Amendment last year. What's more we don't think that we will receive any.

Labor news from Prohibition Arkansas, the state which just passed a Prohibition law without submitting it to a vote of the people.

The bill repealing eight sections of the Child Labor law, including the Fourteen year limit, Eight hours a day, night work prohibition, and employment certificate was passed by the House, at the same Session.

Oh yes, Prohibition loves the working class—but only at election time.

Representative Henry of Texas, Democratic Member of Congress for ten consecutive terms, and Chairman of Committee on Rules said about Prohibition: "It is amazing to me that true temperance reformers should insist that the ratification of such an amendment will prevent the wholesale consumption of intoxicating drink. You can not make a Nation sober by act of Congress or by Constitutional Amendment. There is a better self in the heart of every human being; only by appeal to that better self can you wean men away from drink."

Can you believe the Prohibitionist? His cry is, abolish the saloon; we don't care how much you use in your homes; have it shipped in from other states. This is merely a blind to lead you to vote Dry. As soon as Prohibition is in force, they will do their best to prevent you from drinking. It is now impossible to have liquor shipped into Arizona, and West Virginia, while in Idaho, it is a felony to be caught a second time with liquor in your possession.

Can you see the ultimate aim of the Prohibitionist? You must do as he says. How do you like it?

The following indicates how moonshining increases with Prohibition. The list shows the number of illicit stills which have been destroyed in this country for the past five years, most of them being located in Dry States.

1910.....1911

1911.....2471

1912.....2466

1913.....2475

1914.....2677

A grand total of 10,900 and only a small per centage of all illicit stills are seized.

Now, when you realize that there are less than 500 registered distilleries in the whole United States, it at once becomes apparent as to what is going on in Dry territory.

Vote "NO" on Prohibition.

Luke McLuke says,

A Prohibitionist won't believe it. But the fact of the matter is that most of the men who enter a saloon do not go into start a Snake Fight and swell the ill-fotten Gains of the Demon Rum with the money that should be used in buying shoes for the Baby. Most of the Poor Weak-Minded Reprobates go into a Gilded Hell Hole because they know they can get a glass of beer and 10 cents worth of Free Lunch all for a nickel.

BOY IS INJURED

John Wishon, a 14 year old son of Pel Wishon, had a rib fractured and sustained internal injuries in an accident at the new county bridge site, Tuesday noon.

The boy was knocked speechless and it is not known just how he was injured but other boys said he had been playing about a hoist engine when struck by a derrick. He walked up as far as Second and Market streets when he became exhausted and had to be assisted into Earl Brandel's drug store, where Drs. Carl and Walter Braunlin attended him, the city service wagon later removing him to the home of his parents at No. 1215 Fifth street. The boy attends the Union street school.

"Monkeyed" With Brakes

Luke Jones was the name given by a negro captured by N. & W. special officer, Bob Reno, Tuesday morning. He was placed in the county jail on a charge of turning an angle cock on the train. When an angle cock is turned the air brakes go on and bring the train to a sudden stop. A car was damaged by the stop Tuesday morning.

Here's New Vigor For Overworked Stomachs

Wurster Bros., the popular druggists, have been in the drug business long enough to have their own opinion of the best way of selling medicines. They say the plan adopted by Wurster Bros., the great dyspepsia remedy, is the fastest they have ever heard of. They don't believe that a medicine ought to be paid for unless it does the user some good. And Wurster Bros. is sold under a positive guarantee to relieve dyspepsia or to refund the money. You simply leave 50 cents on deposit with Wurster Bros., and if after you have used the box of Mi-o-na, you decide that it has done you no good, all you have to do is to tell them so and they will return your money.

Hundreds of people have been relieved of stomach agonies by using this remarkable remedy. It is not simply a food digestant; it is a medicine that puts all of the digestive organs into normal condition and gives ready, glowing, vigorous health. A change for the better will be seen after the first few doses of Mi-o-na and its continued use will soon give the power to eat anything at any time and not suffer distress afterward.

Mi-o-na is sold under a positive guarantee to refund the money if it does not cure. This is the strongest proof that can be offered as to the merit of the medicine.

Nothing lessens a man's powers in his work or a woman's fascinating personality more than a weak stomach, with its attending evils. Use Mi-o-na and see how much more there is in life.

JUDGE A MAN BY THE COMPANY HE KEEPS

These are the persons Mayor Frick has placed at heads of City Departments:

Service Department

WILLIAM GERGENS, Director.

Honest, reliable "Bully" Gergens, a genius of organization and good will. Elected Commissioner three times in the Republican Third Ward.

JAMES FOLEY, Assistant Director.

In charge of Street and Sewer repairs. Contractor's foreman for many years. A practical \$40.00 a week man for half this price to the city.

LEWIS THOMANN, Assistant Director.

In charge of Street Cleaning and Garbage Removal, industrious, methodical and accommodating.

WILL B. RICHARDSON, Service Department Clerk.

Thorough going, affable and of legal training, makes him an ideal headquarters man.

GEORGE A. WILHELM, City Engineer.

GROVER C. KINLEY, Assistant Engineer.

Both are capable, industrious and experienced in County and City Work. Always popular candidates with Portsmouth voters.

LAWRENCE FLANNIGAN, Supt. St. Cleaning.

Painstaking, thoughtful of the public's rights and conscientious in every particular.

HENRY PROSOH, Cemetery Superintendent.

A successful contractor before taking service with the city. His practical ideas and tact wins praise and esteem from everyone.

Safety Department

JOHN LINCK, Director.

Energetic, courteous and obliging. In high favor with his subordinates and the public they serve.

FRED W. BARNHAM, Clerk.

A loyal assistant to his chief, with files and records that are models of neatness.

BUCK E. ALLEN, Police Chief.

Universally popular as a policeman on the difficult department beat. Now making good at head of the department.

WM. A. McQUAT, Fire Chief.

A tireless worker for modern methods in fire fighting and fire prevention. Maintaining discipline and harmony.

MISS HILDA STRONG, Hospital Superintendent.

Conducts this institution on high plane, receiving fine praise for her work.

DENNIS CORRIELL, Mayor's Clerk.

Punctual and reliable in his two-fold duties of mayor's secretary and day sergeant.

GRANT COOPER, Police Captain.

Gives conscientious effort at all times, in the difficult night police service.

JAMES MARSHALL, Night Sergeant.

Popular with all classes and an ideal headquarters man.

WATER WORKS DEPARTMENT

JOHN HERRMANN, Chief Engineer.

A born mechanic and splendid citizen, maintained high efficiency against great odds, at both the old and new plants.

GEORGE P. SHUTE, Filtration Expert.

Not only furnishes pure water but gives unsparingly of his time to place plant on solid financial basis.

JOHN R. LYNN, Distribution Superintendent.

Installs mains and services by modern methods, resultant from a life-long experience.

JOHN SCHWEINSBERG, Labor Foreman.

Gives the city good service and is popular with the men "in the trenches."

These public servants are your friends and neighbors. You need no disgruntled politician or special favor-seeker to tell you of their character and fitness. They are known by their records of the past two years.

MOST IMPORTANT OF ALL--

These department heads are a unit with Mayor Frick in demanding full value for the taxpayers' money, should it be for a half million dollar water works plant or a hundred dollar sewer job.

Would a new mayor and his hand picked boards grasp the importance of Portsmouth's pending problems? Or would the hands of our municipal progress stand still?

We Submit These Facts To The Intelligence Of The Voters.

NEGRO UNDER ARREST IN COLUMBUS MAY BE 'HI YALLER'

Capital City Police Believe They Have Landed Right Man

To the absence of any official word from the Columbus authorities the local police are absolutely in the dark as to the following from Monday's Ohio State Journal:

"Acting Police Chief Dyer is seeking evidence to convict Thomas Dorsey, aged 38, a negro, whose home is in Pittsburgh, of murders in the first degree in Portsmouth last December and also in Pennsylvania the same month."

"Dorsey, who also is known to the police as Thomas Dawson, is said to be a bad man. He was described in many instances as the negro with the 'Charlie Chap-

lin' walk. He is more than six feet tall and of slender build. His skin is of a yellow tint, from which he gets one of his most well known aliases, 'High Yellow.' He has many other names, such as: B. Collier, Henry Mehon, Harry Ferguson and Harry Henry and Calvin Glenn."

"The negro first came to the notice of the Columbus police a year ago, when he made his getaway from the Pennsylvania penitentiary 'honour' squad. He was captured by the police in this city. Later he obtained his release on parole."

"On December 6, last year, Dorsey, then known to the Port-

smouth police as 'High Yellow,' was alleged to have been a 'pal' of two other men who shot Jas. A. Baneus, aged 53, a Norfolk and Western railroad detective, in the yards near Portsmouth. Baneus caught the men robbing a box car. The detective was killed by a bullet from his own revolver, which was taken from him. Two of the men alleged to have had a hand in the murder were arrested, but 'High Yellow' is said to have been the man who fired the fatal shot."

"Detective John R. Harman of the railroad force will go to city prison today to see if the prisoner answers descriptions of the murderer. A reward of \$300 is offered for his arrest, and this may be paid to Officers Dorsey and Gilliam, who arrested Dorsey early Saturday morning in a South Seventh street resort. He was asleep when the policeman took him. The negro reached for his gun, a 45-caliber revolver, but the officers had the drop on him, and he was forced to give up."

Chief R. E. Allen, when shown the above, said it might be possible that the suspect is the man wanted in connection with the Baneus murder. The description answers that of the fugitive as to size and build but the gun-man's skin is not of a yellow tint as generally supposed because of his nickname, which is 'High Yellow,' and instead is very dark."

Thought 'Hi' Was Caught At Kenova

Police Chief R. E. Allen has returned from Kenova, W. Va., where he was called in response to a message from the town marshal stating that he had a negro in custody who tallied with the description of Henry Glenn, alias 'High Yellow,' the alleged gun-man in the Baneus murder case.

Chief Allen took with him, Bill Glasco, a local negro, who is personally acquainted with 'High Yellow' to make sure of the identification but Glasco, at first glance saw that the prisoner was not the man wanted. He closely resembled 'High Yellow,' however, even to the gold teeth, one of which had recently been extracted.

Speaker Engaged For Another Week

So well pleased were the wet leaders of this county with the work of Noah Schechter, of Cincinnati, who spoke in this county all last week, that they have secured his services from now until election day. He will make vigorous speeches throughout the

county each day. Mr. Schechter made a good impression wherever he spoke last week, according to the campaign managers for the wets.

Mr. Schechter will take the place of K. V. Eisert, of Springfield, who was to have spoken in this county this week.

Important Services At Powellsville

Monday evening, November 1st, at 7:30 o'clock, Rev. Jesse P. Phleger, brother of the pastor of the Powellsville and Scottdale Lutheran churches, will deliver an address at Powellsville.

Rev. Phleger was called as a missionary to India, and in June of 1914 went to Hermandsburg, Germany, intending to spend a few months there before proceeding to his field of labor. But the great war breaking out, he was unable to leave that country and spent twelve months in the heart of Germany.

GALLANT KNIGHTS HAVE CHANCE TO BECOME ROYAL PERSONAGES

(By H. M. S.)

The proposed movement of certain members of Magnolia Lodge, Knights of Pythias, to organize a lodge of the Knights of Khorassan, develops the fact that this lodge, the fourth or high degree of the K. of P., was organized here in 1895, twenty years ago, and

the charter has never been surrendered.

The first officers, or some of them, were: Venerable Shiek, Felix Haas; Royal Vizier, William Waller; Grand Emir, C. C. Seebolin; secretary, A. C. Williams; treasurer, J. W. Vandervort; Sahib, Ralph Johnston.

Among charter members were the above, and Albert Zaellner, Carrie Johnston, W. H. W. Jenkins and other well known Portsmouth men. Some have passed over, and some have dropped out of the order, but several are still real "five wires" in Magnolia and Muskie lodges.

The order is the Imperial and Dramatic Order Knights of Khorassan, and the old charter was issued "To the Faithful at the Oasis of Portsmouth on the Plains of Scioto and in the Desert of Ohio," and is a very interesting document.

A call is sent out to all Knights who want to be Shieks, Arabs or other royal personages, to come in and be counted.

MAN WITH ACID INDIGESTION LEARNS WHAT TO EAT
PHYSICIAN: "Eat meats, fruits, vegetables, nuts, Graham bread, and any other plain foods you like and take a little bicarbonate of soda after each meal."
PATIENT: "But, doctor, I've tried moderate, plain meals and they cause distress, belching, sour stomach, bloating and headache."
PHYSICIAN: "You have nothing but hyperacidity—excess acid secretion in the stomach—and the plain bicarbonate of soda will neutralize the excess acid and stop all trouble."
PATIENT: "Is bicarbonate harmless?"
PHYSICIAN: "Absolutely."

NOTE—The bicarbonate of soda is a palatable, inexpensive, antacid which can be purchased at any drug store. It gives immediate relief in all cases of sour stomach, acid indigestion, and other troubles due to hyperacidity. And most ordinary stomach disorders, such as flatulency, gas, heartburn, etc., are due to excess acid. No healthy body is subject to attacks of acid indigestion because, normally, it secretes just the amount of acid needed to digest the active, natural, outdoor life that Nature intended. So bicarbonate of soda is needed to help Nature restore normal digestion. A teaspoonful in a quarter glass of water should be taken after each meal. As there are several forms of bicarbonate be sure to call for bicarbonate of soda. The Fischer & Streich Pharmacy or supply you.

Healthy Old Age Brings Happiness

Simple Remedy Promotes Health By Overcoming Tendency to Constipation

Advancing years impair the action of the vital organs. Old age should be the period of greatest necessity. Constipation should not be tolerated—it is often the direct cause of ill health.

Headache, belching, biliousness, bloating, drowsiness after eating and other symptoms of constipation can be readily relieved by the use of a simple laxative compound sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin. Mr. J. H. Bristol, 1412 Geddes Ave., Ann Arbor, Mich., who is 83 years old, says "Dr. Caldwell's Syrup Pepsin is the best remedy I ever used for constipation and I always have a bottle of it in the house to use when I feel the need of it; it never disappoints."

Dr. Caldwell's Syrup Pepsin is a mild laxative preparation, positive in its effect, acting easily and naturally without griping or
